Home Connect Fully automatic espresso machine with Home App

Product Information

Fully Automatic Espresso Machine with Home Connect

The Fully Automatic Espresso Machine with Home Connect allows you to connect your appliance with the Home Connect app, providing you with remote control over your espresso machine from anywhere using the app or a voice assistant. The CoffeeWorld feature offers a wide selection of international coffee specialties that can be ordered directly from your appliance through the app. However, the availability of the Home Connect function depends on the available Home Connect services in your country and may vary depending on the connected appliance and your country.

Product Usage Instructions

1. Download the Home Connect app from the Apple App Store or Google Play Store.
2. Follow the instructions to set up your account and connect your Fully Automatic Espresso Machine with Home Connect.
3. Scan the QR-Code provided on the machine or in the user manual to connect with the Home Connect app.
4. Once connected, you can control your appliance from anywhere using the app or a voice assistant.
5. Use the CoffeeWorld feature to order a variety of international coffee specialties directly from your appliance through the app.
6. If you have any questions or need assistance, visit www.home-connect.com or contact the Home Connect service hotline.

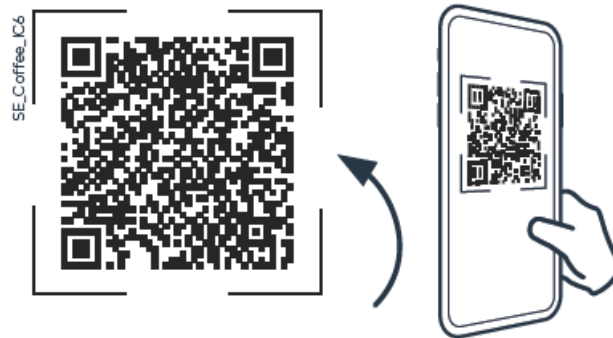

Note: The availability of Home Connect services depends on the country and may not be available in every country. The app contents are dynamic and may vary depending on the connected appliance and your country.

Connect your fully automatic espresso machine with Home Connect today

1. Download the Home Connect app and follow the instructions

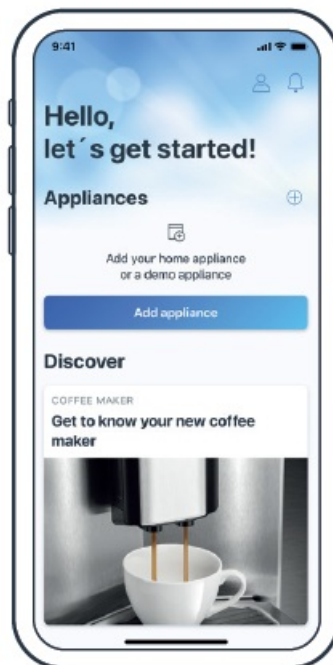

2. Scan here to connect with the Home Connect app

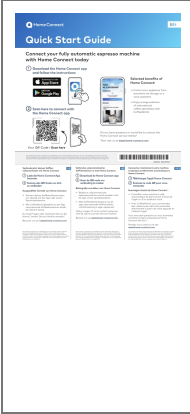

Selected benefits of Home Connect

- Control your appliance from anywhere via the app or a voice assistant.
