## FAQs

1. Can I group multiple HomeMate devices together?

2. How many devices can I control?

- HomeMate Smart app can control unlimited number of devices in unlimited number of locations. However your router have limit of devices that can be connected to it. Thus limit depends upon quality of your router.

3. The device appears offline or unreachable, what should I do?

## Important Information

### Tips for Smart Surface Light:

1. Please ensure the connection of all parts is secure and correct before switching ON the power supply, otherwise, there is a risk of burning the Surface Light.
2. Reset the light by rapidly switching it ON/OFF 3 times

**Caution:** Risk of electric shock or burns, use in dry locations only. Do not use outdoors, with wet hands, or when standing on wet or damp surfaces

**Remark:** Pictures shown in instruction manual could be a bit different from the pages of your app because product & software update periodically.
