## Hortensus HOR-LEDTAB LED Table Lamp

### Introduction

Read this guide carefully and keep it for future reference. Hortensus disclaims any responsibility for the defective caused by incorrect use of the product. For any questions, please contact [info@hortensus.eu](mailto:info@hortensus.eu). Want to see more garden products? Visit our webshop: [www.hortensus.eu](http://www.hortensus.eu)

### Specifications:

- Power consumption: < 10W
- Input: AC 100V/240V 50/60 Hz
- Output: DC 5V 1500mAh
- Battery type: Lithium
- Charging time: 4-6 hours
- Working time: 6-12 hours

### INSTRUCTIONS

1. Remove the orange charger seal to plug input for charging. Charge for 6 hours for a first use.
2. After charging, cover the DC input with the charger seal and it is securely fastened to prevent water seepage.
3. To turn on, press the switch, this will start the last mode which was previously selected.
4. To turn off, press the switch for a few seconds
5. The adapter's indicator light is red when the lamp is charging, it turns green when the battery is fully charged.

### Charger

- Do not use the charger near a heat source
- Do not touch the charger while charging, disconnect the charger after charging Do not try to open the charger.
- Don't use the charger outdoors as it is not waterproof

## Remote control
