Proof of purchase may be required to verify warranty eligibility.

FAQs

How to adjust ironing pressure?

Adjust the height of the heat plate by screwing the pressure regulator. (Optimal height: 1-3 mm)

How to start the countdown?

After pulling down the handle, press the Time button for 2 s to start the countdown. The countdown does not pause when lifting the handle during the operation

Why does the control pad not respond?

Ensure the control pad is powered on

Why does the machine beep constantly with the El or E2 on the screen?

Beep Once: the machine is powered, turned on/off, or finishes time/temp setting

How to convert temperature units?

Press for 2 s the Temp button to convert the temp unit (° C/'F).

Why are the USB and data cables non-detachable?

For your safety, the USB and data cables are not detachable because it is a high-power machine.
