Huf T5.0 All in one TPMS Trigger

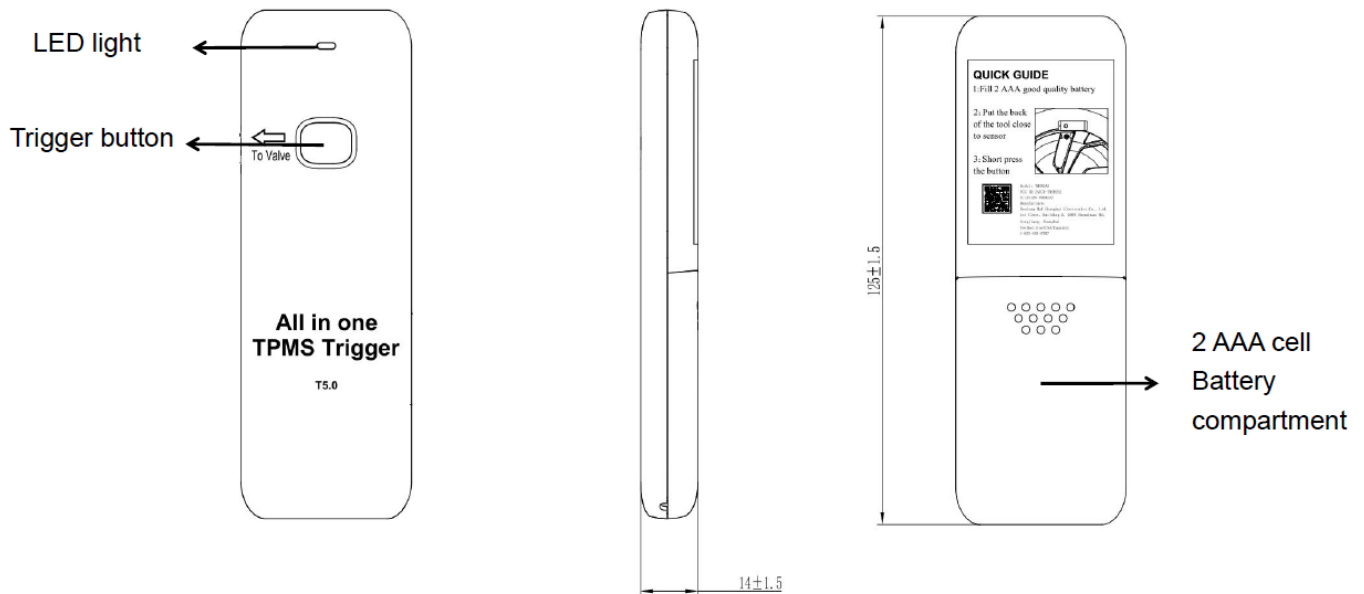

QUICK GUIDE

1. Fill 2 AAA good quality batteries
2. Put the back of the tool close to the sensor.
3. Short press the button.

For Manual learning TPMS sensors to the vehicle, the brands are listed below. For detailed supported make, model year of vehicles, pls contact our tech line. Audi, Bentley Motors, BMW, BrightDrop, Bugatti, Buick, Cadillac, Chevrolet, Ford, Freightliner, GMC Hummer, Isuzu, Jeep, Lincoln, Maserati, Mazda, Mercury, Mini, Pontiac, Porsche, Retrofit Mini, Pontiac, Porsche, Retrofit, Saab, Saturn, Smart, Suzuki Motor, Tesla, Volkswagen, VPG.

INTRODUCTION

USAGE

1. Fill up 2 AAA good quality batteries to the compartment. Rechargeable battery has better performance and longer life because of its larger capacity.
2. Place the back of the tool close to the sensor, which is inside the tire. Aligning the button to the valve is a better way.
3. Especially some Schrader/Sensata sensors require the tool to be very close to trigger the sensor.
4. Short press the button on the tool. The LED light will continuously light up when trigger signals are transmitted.
5. Pls wait around 3 seconds before next press to allow the battery to re-balance to provide enough power signal.
6. If the LED light starts flashing, it means the battery voltage is lower and not able to transmit strong enough signals, and some brands' sensor may not be triggered. Pls replace the old battery with new ones.

NOTE

This product is designed for simple usage, not for garage use frequently, and professional usage. Working temperature range is 14 to 122°F (-10 to +50 °C).

WARRANTY LIMITATION

All products sold are warranted against defects in workmanship and material under normal use and service for the earlier of (1)22 months from the date of manufacture. The warranty obligation of Baolong Huf is limited to the repair or replacement, at Baolong Huf's plant, of any product which is returned to Baolong Huf by the purchaser, within the warranty period, and which Baolong Huf determines upon examination is defective or not in conformity with the express warranties contained herein.

In stead of repair or replacement, if Baolong Huf selects, Baolong Huf may, upon return of such defective/non-conforming product by purchaser and deciding of nonconformity or defect, keep the product and refund to purchaser the purchase price. To the extent permitted by law, under no circumstances will Baolong Huf's liability exceed the purchase price of the defective/non-conforming product at issue and Baolong Huf **DISCLAIMS LIABILITY FOR ALL INDIRECT, CONSEQUENTIAL AND INCIDENTAL DAMAGES.**

FCC Statement
