General guidelines

Please read the following instructions carefully and use this product accordingly.

Please keep this manual and hand it over when transferring the product.

This summary may not include every detail of the steps. If you need more information and assistance, please contact us.

Notes

This product is for indoor use only. The product must be assembled and used in accordance with the instructions. If the product is used outside intended use, personal injury or product damage may occur if the

product has been modified from its original design.

Seller is not responsible for any injury/damage caused by improper assembly or use.

Avoid prolonged exposure to moisture to prevent mold growth.

Keep product away from fire and heat. Do not expose product to direct sunlight.

Do not place any hot objects on the product surface.

If you find any defects or missing parts after unpacking, please stop assembly and contact us immediately.

Please assemble items on a spacious ground, and do not place unpackaged products directly on the ground to avoid damage to the product. Do not stand or sit on this product.

During assembly and/or disassembly, please wear gloves to avoid scratches from any sharp edges.

Please match the corresponding parts and accessories according to the part numbers in the instruction manual.

If the parts do not conform to the accessories, please check the parts according to the provisions of this manual.

When assembling, first align all the screws with the corresponding pre-drilled holes, and then tighten the screws one by one.

Regularly check the tightness of the screws during the use of the product. Retighten if necessary to ensure structural integrity.

If water or other liquids are accidentally splashed on the surface, please wipe it off with a dry towel immediately.

Please keep the product away from sharp objects and corrosive substances to prevent product damage. During use, please place this product on a level and solid ground.

Warnings

Children should not assemble this product. During assembly, please keep all small parts out of the reach of children. These small components can be fatal if swallowed or inhaled.

It is forbidden for children to climb and play on the product, so as to avoid serious personal injury caused by falling.

Keep plastic bags out of the reach of children to avoid potential hazards such as suffocation.

Do not place overweight items on it
