Keyboard Overview

- **A** USB-C port
- **B** Adjustable keyboard feet
- **C** USB-C to USB-A cable

Installation

Function keys

Press "FN" and a function key at the same time to activate its secondary feature as indicated on the keycap side-print.

FUNCTION KEYS

SECONDARY FEATURE

Switch between the profiles saved to the onboard memory.

Play/pause (⏮), skip backwards (⏮) or skip forward (⏭) while listening to music or watching videos.

Mute (🔇), decrease (🔻), or increase (🔼) computer audio.

Enable Game Mode (🎮) to disable the Windows key and prevent accidental interruption during gaming. The Windows key will illuminate when Game Mode is enabled.

Increase (☀️) or decrease (🌑) the LED backlight brightness. There are 5 levels of brightness.

HyperX NGENUITY Software

FCC Compliance and Advisory Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, according to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to

radio or television reception, which can be determined by turning the equipment on and off, the user is encouraged to try correct the interference

by one or more of the following measures:

1. Reorient the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.

Any special accessories needed for compliance must be specified in the instruction manual.

Warning: A shielded-type power cord is required in order to meet FCC emission limits and also to prevent interference to the nearby radio and television reception. It is essential that only the supplied power cord be used. Use only shielded cables to connect I/O devices to this equipment.

CAUTION: Any changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

India RoHS Statement

This product, as well as its related consumables and spares, complies with the reduction in hazardous substances provisions of the "India E-waste Rule 2016." It does not contain lead, mercury, hexavalent chromium, polybrominated biphenyls or polybrominated diphenyl ethers in concentrations exceeding 0.1 weight % and 0.01 weight % for cadmium, except where allowed pursuant to the exemptions set in Schedule 2 of the Rule.
