Featuring HyperX's signature radiant light bar and smooth, dynamic RGB lighting effects, the HyperX Alloy Core RGBTM is ideal for gamers looking to enhance their keyboard's style and performance without breaking the bank. With six different lighting effects and three brightness levels, it balances both brilliance and budget. Crafted with a durable, reinforced plastic frame, the Alloy Core RGB was constructed for stability and reliability for gamers who want a keyboard that will last. The soft-touch keys have a tactile feel, yet are tuned to be quiet, and they also feature gaming-grade anti-ghosting functionality and key rollover. It's spill resistant, tested to withstand 120ml of liquid, so beverage accidents won't put an end to your game. The dedicated media controls and quick-access buttons for lighting and Game Mode place control right at your fingertips. Keyboard Lock allows you to lock your keyboard down without having to put your entire system on standby. The Alloy Core RGB is stylish, nicely-featured, and durable, making it a great all-around multimedia keyboard for gamers.

What's included

HyperX Alloy Core RGB Keyboard

Specifications

- **Keyboard**
  - Type Membrane
  - Backlight RGB (5 zones multi-colour customisation)
  - Light effects 6 LED modes and 3 brightness levels
  - Connection type USB 2.0
  - Polling rate 1000Hz
