Product Information:

The XYZ Smart Watch is a stylish and functional wearable device designed to help you stay connected and track your fitness activities. Made from durable stainless steel, it features a vibrant 1.3-inch OLED touchscreen display that provides clear visibility in various lighting conditions. With a battery life of up to 5 days, you can enjoy uninterrupted usage without frequent recharging. The watch is also water-resistant up to the IP67 standard, making it suitable for everyday wear.

Product Usage Instructions

- **Charging the Smart Watch:**
  To charge the XYZ Smart Watch, connect the provided charging cable to the port on the back of the watch. Plug the other end of the cable into a power source such as a USB charger or computer. Allow the watch to charge fully before first-time use.
- **Turning On and Off:**
  To turn on the smartwatch, press and hold the power button for a few seconds until the screen lights up. To turn it off, press and hold the power button again until you see the power-off options on the screen.
- **Setting Up**
  Follow the on-screen instructions to pair the smartwatch with your smartphone via Bluetooth. Download the companion app on your phone and complete the setup process to synchronize data and receive notifications on your smartwatch.
- **Using Fitness Features:**
  Explore the various fitness tracking features on the smartwatch, including step counting, heart rate monitoring, and sleep tracking. Use the dedicated fitness app to set goals, track your progress, and stay motivated to achieve your fitness targets.

FCC STATEMENT

Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FAQ

Q: Is the XYZ Smart Watch compatible with both Android and iOS devices?

A: Yes, the XYZ Smart Watch is compatible with both Android and iOS smartphones. Simply download the companion app from the respective app stores to sync your device with the smartwatch.

Q: Can I swim with the XYZ Smart Watch on?

A: While the XYZ Smart Watch is water-resistant up to the IP67 standard, it is not recommended for swimming or diving activities. It is best suited for everyday activities such as handwashing and light splashes.
