i-box A75 YX76 Portable Party Speaker with Microphone Instruction Manual

i-box A75 YX76 Portable Party Speaker with Microphone Instruction Manual

Important – Please read these instructions fully before installing or operating your Speaker.
Keep away from flame sources such as lighted candles.

The unit should not be exposed to direct sunlight, very high or low temperature, moisture, vibrations, strong magnetic fields, high frequencies and dusty environments

Never attempt to insert wires, pins or other such objects into the vents or openings of the unit.

Do not disassemble or modify the speaker, there are no user serviceable parts.

If the speaker is damaged in anyway or malfunctions do not use. Consult a qualified service engineer.

Do not use abrasives, thinner or other solvents to clean the surface of the unit. To clean, wipe with a clean soft cloth and a mild detergent solution.

This product contains a built-in Li-ion battery. It must be used and charged properly to avoid risk of fire or injury. Disconnect from power when charging is complete. Take care to keep the product and its battery cool, especially during charging.

Do not dispose of this product with household waste at the end of its life cycle; take it to a designated collection centre for the recycling of electrical and electronic appliances with batteries. Please check with your Local Authority for recycling advice. 🗑 C E UK CA FC
