i-tec intel Graphics Driver Installer

This step-by-step manual describes how to install a corresponding Intel® Graphics Driver.

1. Download the Intel® Graphics Driver 30.0.101.1631 from

   https://i-tec.cz/wp-content/uploads/man_dri/igfx_win_101.1631.exe

2. Run the downloaded file and click on the "Begin installation" button.

3. Read the Intel software agreement and click on the "I agree" button.

4. In the next window click on the "Yes" button next and then on the "Start" button.

5. Installation of the Intel® Graphics Driver 30.0.101.1631 should be finished in a few minutes. Then click on the "Finish" button and restart your device to finalize the installation process.
