Lets see what's in the box

i3-Technologies is conscious about the environmental impact of the products that we produce. Therefore we would like you to support us in this mission by disposing all packaging according to any local regulations.

To check if we packed your product correctly, please verify if all these items are present:

- 1x Power cord EU/EN/US (2m)
- 2x Magnetic Stylus
- 1x Remote control
- 1x USB-C cable (3m)
- 1x USB cable (5m)
- 1x Audio cable (3m)
- 1x HDMI cable (3m)
- 1x Wall mount

Is something missing or does it look damaged?

We're so sorry, please contact our support service on service@i3-technologies.com, or contact your local reseller.

Time to set things up

Connect the power cable to the power socket located at the back right side of the display.

Once you've got the power cable connected switch on the power supply by turning the button to the "1" position.

On the front left side you'll find the power button.

Time to set things up

Use the Setup Wizard to guide you through the configuration and update your device's features (*).

Welcome to i3STUDIO

Welcome to i3STUDIO, designed to bring you the best-in-class experience on your i3TOUCH display. i3STUDIO is packed with integrated features that will get the most out of your display :

- Intuitive and easy to use interface
- Integrated productivity applications such as whiteboarding, annotating, wireless presenting, conferencing,...
- Automatic updates
- Personalize i3STUDIO to your needs
- Remote display management

Let's get started by setting up your i3TOUCH display.

GET STARTED

(*) Your i3TOUCH may initially not have all the latest features installed. Connect your device to the internet via Wi-Fi or ethernet to download and install all features. While connected to the internet, the Setup Wizard will fully optimize your device.

USB HUB

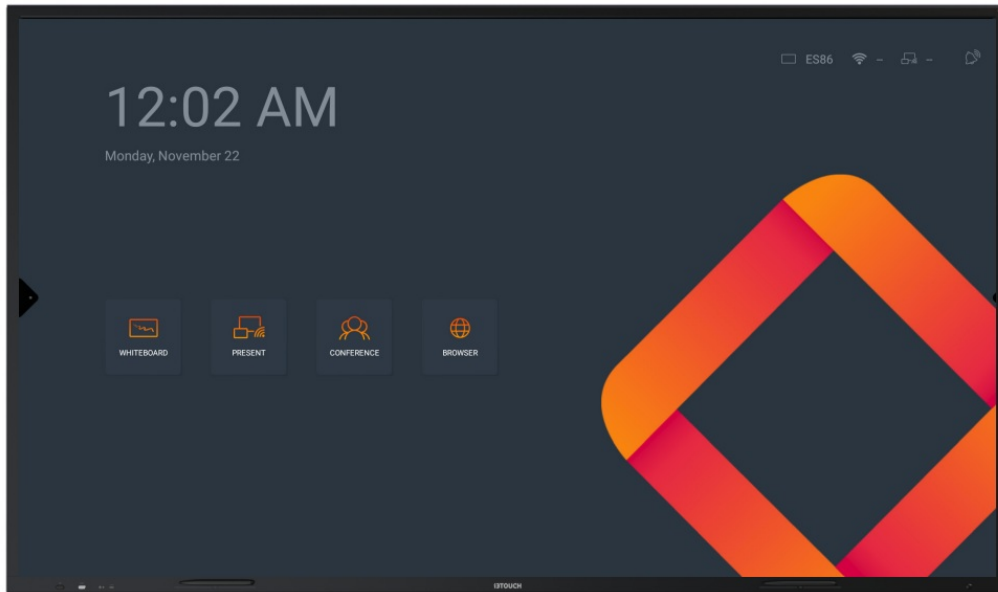

The i3TOUCH X-ONE allows devices with a USB-C connection to be connected to the screen with one cable for image, power, touch and audio. Any device connected to your i3TOUCH X-ONE will be instantly recognized and can be used by your laptop when your laptop is connected with USB-C or USB 3.0 Touch.

Enter i3STUDIO

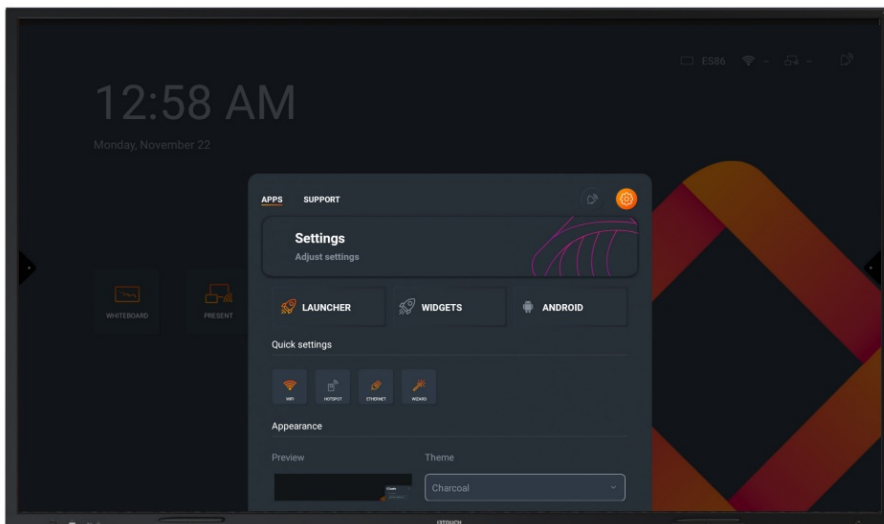

Our interactive displays are powered by i3STUDIO – our free pre-installed software suite. i3STUDIO delivers everything you need to accomplish your best lesson, pitch, presentation or brainstorming session. Leave the room dazzled.

i3STUDIO

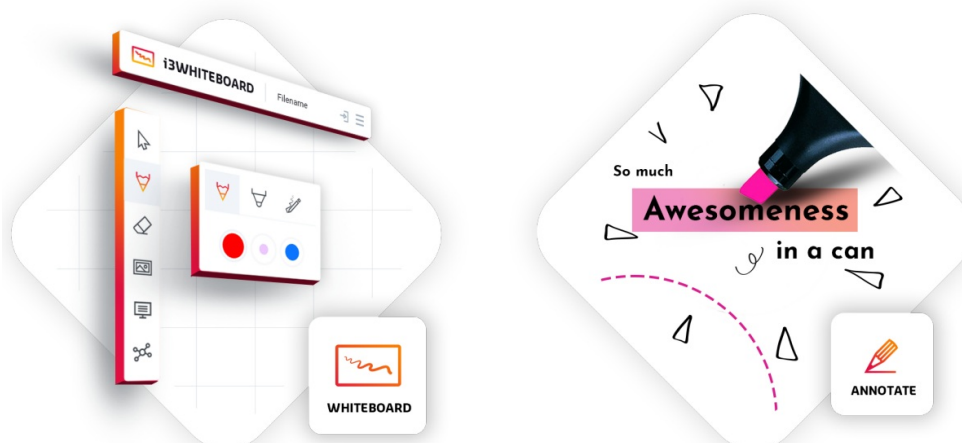

Discover and learn about all the features of i3STUDIO software suite in the online user manual.

<https://docs.i3-technologies.com/i3STUDIO>

Start whiteboarding

The whiteboard button opens an interactive whiteboard that allows you to take notes, make drawings or facilitate workshops. The output can be shared very easily with all participants.

Start presenting

Content from other devices can be streamed to the display with a push of a button. Also source switching to another input channel is just a click away.

Important warranty information

Our i3TOUCH X-ONE devices are equipped by default with a 5 year warranty. If you however have acquired the interactive display for educational purposes, this warranty can be extended.

i3TOUCH X-ONE | WARRANTY

WARRANTY EXTENSION FOR SCHOOLS

You can register your product for an extended warranty if you are an educational institution. If you are a corporate institution, please contact your reseller.

Please note that the warranty extension must be registered within 30 days after delivery of the i3 product through the form found on this page:
