### Ibx instruments ORB-B2 Orbital Shaker Instruction Manual

### ORB-B2 Orbital Shaker with Digital Screen and Timing Function

#### Preface

Users should read this Manual carefully, follow the instructions and procedures, and beware of all the cautions when using this instrument.

#### Service

In order to guarantee this equipment works safely and efficiently, it must receive regular maintenance. In case of any faults, do not try to repair it yourself. If help is needed, you can always contact your dealer or Labbox via [www.labbox.com](http://www.labbox.com)

Please provide the customer care representative with the following information:

- Serial number
- Description of problem
- Your contact information

### Warranty

This instrument is warranted to be free from defects in materials and workmanship under normal use and service, for a period of 24 months from the date of invoice. The warranty is extended only to the original purchaser. It shall not apply to any product or parts which have been damaged on account of improper installation, improper connections, misuse, accident, or abnormal conditions of operation. For claim under the warranty please contact your supplier.

## Installation Instructions

1. Carefully unpack the instrument and place it on a stable, clean, non-slip, and fireproof surface.
2. Ensure a good working environment free of any combustible media or flammable materials to avoid additional hazards.
3. Place the shaker at a distance of more than 10cm from the wall and other units if using multiple units together.
4. Ensure that there is no accidental spillage during speed setting.
5. Do not use any combustible media or flammable materials to avoid any additional hazards.
6. Ensure that the label indicates the correct voltage before connecting the unit to the power supply.
7. Do not operate the unit with a damaged power cord.
8. Disable the power supply while fitting the accessories.
9. Ensure that the unit and its accessories are in good working condition before each operation

## Operating Procedure

1. Switch ON the power and the instrument will start self-checking.
2. Press the “Mode” key and the unit will enter the adjustment mode.
3. Press the “+/-” keys and confirm the set speed and time. Adjust the speed and time to the desired settings.
4. Press the “Start” key and the instrument will begin shaking.
5. Press the “Stop” key to stop the operation and return the unit to adjustment mode.
