## Introduction

Thank you for purchasing the ICON D2 dynamic microphone. We sincerely trust this product will provide years of satisfactory service, but if anything is not to your complete satisfaction, we will endeavor to make things right.

In these pages, you'll find a detailed description of the features of the D2 dynamic microphone, as well as a guided tour through their front and rear panels, step-by-step instructions for their setup and use, and full specifications.

Please register the product on our website at the below link [www.iconproaudio.com/registration](http://www.iconproaudio.com/registration):

You'll also find a warranty card enclosed—please don't forget to fill it out and mail it so that you can receive online technical support at: [www.iconproaudio.com](http://www.iconproaudio.com). And so we can send you updated information about these and other ICON products in the future. As with most electronic devices, we strongly recommend you retain the original packaging. In the unlikely event the product must be returned for servicing, the original packaging (or reasonable equivalent) is required.

With proper care and adequate air circulation, your D2 dynamic microphone will operate without any trouble for many years. We recommend that you record your serial number in the space provided below for future reference.

## What's in the package?

- D2 dynamic microphone x 1
- This User Manual x 1
- Carry Case

## Features

- Premium dynamic instrument/live-sound vocal microphone
- Ideal for vocal or instrument recording
- Extended response for smooth, natural sonic characteristics
- Neodymium magnet structure delivers higher output for increased dynamic range
- Build-in suspension system ensures that mechanical and electronic noise is suppressed to inaudible level
- Response tailored for instrumental and vocal on-stage performance
- Accurate cardioids pattern for added immunity to feedback
- Extremely high sensitivity
- Rugged all-metal construction and on/off switch
- Dent-resistant spring steel grill with integrated windscreen

## Specification

Type: Dynamic

Polar pattern: Hyper-Cardioid

Frequency range: 50 – 14KHz

Sensitivity range: 69dB 3dB (0dB = 1V/bar at 1Khz)

Impedance: 370 ohm 20% at 1Khz

Switch: On/Off (Lock type)

Weight: 305g (0.67lb) without cable

Dimensions: 50.0mm (1.97 inch) Head diameter 199.5mm(7.85 inch) Long
