## FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna.

## Disclaimer

Thank you for purchasing our product! By using this product, you hereby signify that you have read the Disclaimer and all warnings carefully and that you understand and agree to abide by the terms and conditions herein. The user should observe safe and lawful practices including, but not limited to, those set forth in this document. Our company therefore holds no liability for damages caused by force majeure, used by a third party, incorrect use, non-compliance with this user manual or intentional misconduct on the part of the user.

Except for the scope prohibited by the applicable laws, the company is not responsible for any incidental, indirect, special or consequential damages, including but not limited to the loss of profits, income or data due to the violation of explicit or implied warranties or conditions mentioned in this user manual.

Information in this user manual is for informational purposes only. It is subject to change without prior notice, due to the manufacturer's continuous development program. This document supersedes and replaces all information supplied prior to the publication hereof.
