**IFOLAINA®**

**IFOLAINA ZB089-M Crystal LED Light Base**

INTRODUCTION

An exquisite and adaptable display platform, the IFOLAINA ZB089-M Crystal LED Light Base is made to accentuate the beauty of your acrylic artwork, glass sculptures, and crystal figurines. This multicolor auto-changing light base is the ideal complement to collector showcases, gift displays, and home décor since it illuminates objects with various hues, producing a spectacular visual effect. This little yet sturdy lamp foundation, made by Philosophers Arts and Crafts, can hold up to 12 pounds, providing stability for a variety of ornamental objects. It provides steady illumination without the inconvenience of changing batteries thanks to a connected power source. At \$17.99, the IFOLAINA ZB089-M provides a cost-effective option for anyone wishing to give their display items a hint of refinement. It was introduced to the market in 2023 and is still a well-liked option for collectors and art enthusiasts.

SPECIFICATIONS

Brand	IFOLAINA
Price	\$17.99
Power Supply	Wired
Lighting Feature	Multicolor Auto Changing
Load Capacity	12 Pounds
Manufacturer	Philosophers Arts and Crafts
Product Dimensions	2.95 x 2.95 x 1.57 inches
Item Weight	9.9 ounces
Model Number	ZB089-M

## WHAT'S IN THE BOX

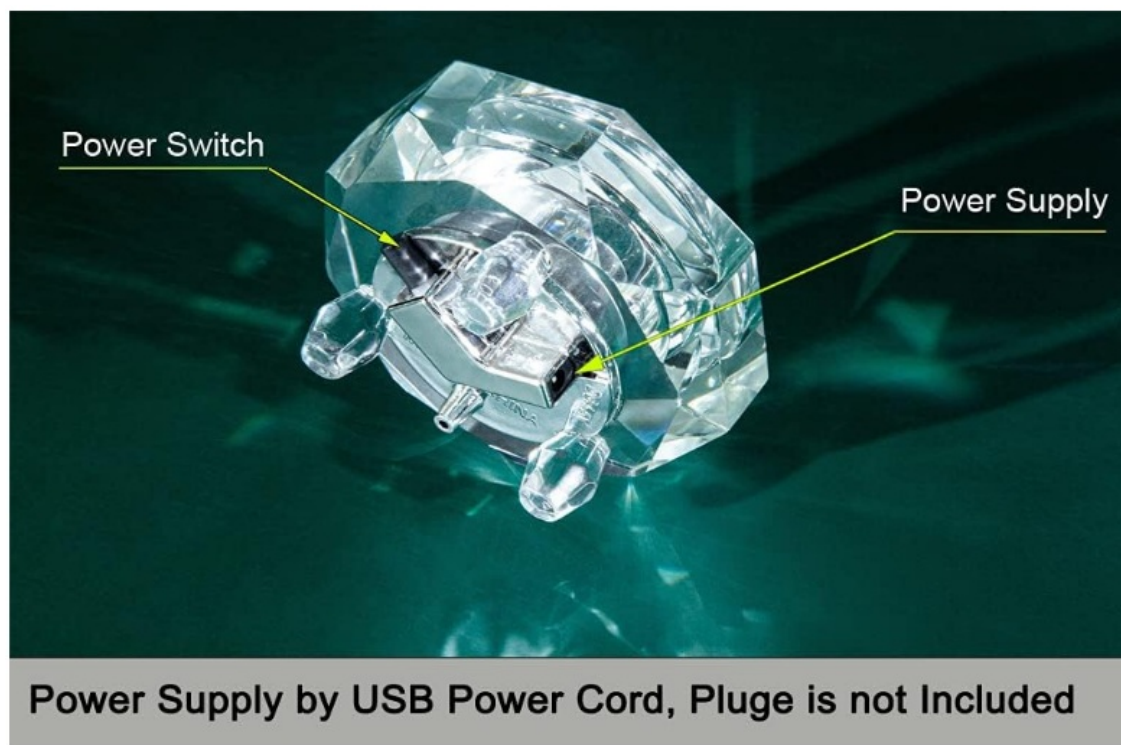

- Crystal LED Light Base
- Manual

## FEATURES

- **Flat Surface Design:** Because the top is flat, it may be used to display objects with flat bottoms but not spherical ones.
- **Non-Rotating Base:** By keeping the platform stationary, fragile objects are displayed steadily.
- **Compact Size:** Measuring 2.95 x 2.95 x 1.57 inches, it is compact enough to fit in a variety of locations.

- **Automatic Color Flashing:** The visual impact of objects on display is improved by the automatic flashing of multicolored LED lights.
- **Color Mode Fix Unavailable:** Colors are dynamic and cannot be fixed to a single hue.
- **Wired Power Supply:** This type of power supply runs continuously on a 97-cm power cord rather than batteries.

Can be Connected with USB of PC, Car, Power Bank, etc.

- **Versatile Display Use:** Suitable for acrylic statues, vases, jewelry, mugs, glass art, and 3D crystal photographs.
- **Octagonal Base:** Provides a distinctive geometric appearance that goes well with ornamental and artistic arrangements.
- **Sturdy Construction:** Long-lasting materials that don't deform or tarnish with time.
- **Vibrant Lighting:** Produced by bright LED illumination, which improves the aesthetic attractiveness of goods on exhibit.
- **Lightweight:** It is lightweight and portable, weighing only 9.9 ounces.
- **Moderate Load Capacity:** It is appropriate for medium-sized decorations because it can support up to 12 pounds.
- **Energy-Efficient LED Lighting:** LED lighting that uses less electricity and produces strong illumination.
- **Simple On/Off Operation:** Without complex controls or remote features, turning on and off is simple.
- **Aesthetic Appeal:** Its sophisticated lighting effects and contemporary style elevate home décor.

## SETUP GUIDE

- **Unpack Carefully:** Take the light base out of the box, being careful not to break the structure or power cord.
- **Select the Correct Location:** To guarantee balance for the things on display, place it on a level, sturdy surface.
- **Connect to Power Source:** Connect the 97cm power cord to the proper adaptor (plug not included) to plug it into a power source.

- **Verify the Power Connection:** Make sure the light base is getting electricity and that the power connection is tight.
- **Put the Display Items in Place Properly:** For best lighting, place glass figurines, 3D crystal pictures, or other objects on the flat top surface.
- **Avoid Overloading:** To avoid damage, keep the combined weight of the items on display under 12 pounds.
- **Ensure Visibility:** To get the most out of the LED effects, position the light base in a room that is either dark or poorly lit.
- **Modify Viewing Angle:** Try a variety of viewpoints to determine which lighting effect best highlights the item.
- **Maintain Cable Organization:** To prevent tangles and trip hazards, place the power cable in an orderly fashion.
- **Avoid Water Exposure:** To avoid electrical damage, set up indoors in a dry area.
- **Test Before Long-Term Use:** To make sure it is operating properly, turn it on and let it run for a few minutes.
- **Pair with Coordinating Décor:** Use decorative elements like shelves, display cases, or table arrangements to balance the light foundation.
- **Use a Surge Protector:** To avoid power fluctuations, use a surge protector when connecting to an extension cable.
- **Avoid Direct Sunlight:** To avoid discoloration, place it in a location that won't receive a lot of sunshine.
- **Check for Flickering:** Make sure the power cord is securely fastened, and look for any loose wiring if the lights flicker.

## CARE & MAINTENANCE

- **Clean Often:** To keep the lighting effect clear, wipe it off with a gentle, dry cloth.
- **Steer Clear of Harsh Chemicals:** Avoid using solvents or abrasive cleansers that could harm the finish.
- **Unplug When Not in Use:** When not in use for extended periods of time, disconnect from the power source.
- **Store in a Cool, Dry Place:** To maintain cleanliness, store in a dust-free area while not in use.
- **Examine Power Cord Condition:** Check the 97-cm power cord frequently for indications of deterioration or wear.
- **Avoid Overloading:** To ensure stability and longevity, avoid placing items weighing more than 12 pounds.
- **Avoid Liquids:** To avoid electrical risks, avoid placing near sources of moisture or water.
- **Avoid Excessive Heat:** To avoid overheating, stay away from heat sources such as heaters and stoves.
- **Handle Carefully:** To prevent straining the wiring, grip from the base when moving rather than the power cord.
- **Examine LEDs Occasionally:** If you observe flickering or dimming, wipe the surface and inspect the connections.
- **Do Not Disassemble:** Do not open or alter the unit as this could damage it or void the warranty.
- **Use a Soft Brush for Crevices:** To remove dust from difficult-to-reach places, use a soft-bristle brush.
- **Keep Away from Children & Pets:** Keep the light base out of the reach of children and pets to avoid unintentional damage.
- **Check for Electrical Problems:** Before continuing, see a specialist if you're having problems, such as power outages.
- **Rotate Displayed Items:** Change the items on display from time to time to keep things interesting and prevent pressure from building up in one area.

## TROUBLESHOOTING

Issue	Possible Cause	Solution
Light does not turn on	Loose power connection	Check and secure the power cable
Flickering lights	Voltage fluctuation	Use a stable power source
Colors not changing	Internal circuit issue	Reset the device or contact support
Base gets too warm	Prolonged use	Allow it to cool down after extended operation
Light is too dim	Dust accumulation on LEDs	Clean the LED panel carefully
Object not illuminated properly	Incorrect object placement	Adjust the position of the object
Uneven lighting effect	Obstruction in light path	Ensure the object is centered on the base
Power cord damage	Wear and tear	Replace the power cord
Lights turning off unexpectedly	Overheating protection activated	Use in a well-ventilated area

## PROS & CONS

Pros	Cons
Vibrant multicolor auto-changing lights	Wired power supply limits placement options
Supports up to 12 pounds of weight	No manual color selection option
Compact and lightweight design	May not fit oversized display items
Durable and stable base	Brightness is not adjustable
Affordable and easy to use	No remote control for convenience

### WARRANTY

The IFOLAINA ZB089-M Crystal LED Light Base comes with a **one-year limited warranty**, covering defects in materials and workmanship. The warranty does not cover damage caused by misuse, accidents, or unauthorized modifications. Customers can contact Philosophers Arts and Crafts for warranty claims or support.

### FREQUENTLY ASKED QUESTIONS

<p>Why is my IFOLAINA ZB089-M Crystal LED Light Base not turning on?</p> <p>Ensure that the power adapter is properly plugged in, and check for any loose connections in the wired power supply.</p>
<p>Why is the IFOLAINA ZB089-M Crystal LED Light Base not changing colors?</p> <p>The multicolor function is automatic, but if it stops working, try unplugging the unit for a few minutes and plugging it back in.</p>
<p>Why does my IFOLAINA ZB089-M Crystal LED Light Base flicker?</p> <p>Flickering may occur due to unstable power connections or a faulty power adapter. Check the wiring and ensure a stable power source.</p>
<p>Why does my IFOLAINA ZB089-M Crystal LED Light Base make a buzzing noise?</p> <p>If you notice a buzzing sound, it may indicate a power fluctuation or loose internal components. Try using a different power outlet or contacting customer support.</p>
