Requires assembly. For storing clothes and shoes, ELVARLI is a flexible and beautiful open storage system with its modern white lines and durable bamboo shelves. Whether you take home a ready-made combination we've already planned or create your own solution, you can get custom organization for your bedroom, hallway, living room or home office. Its click-in function makes it easy to assemble, disassemble and rearrange.

The choice is yours with ELVARLI. See everything at once with open shelves, or go open and hidden with shelves and soft-closing drawers. Hang a lot of clothes or none at all. Whatever you choose, you can always adapt or extend ELVARLI if you change your mind, needs or address! This is a reference guide created to better assist customers when purchasing products. While a high level of accuracy has been sought in its preparation, we cannot guarantee that there are no errors or omissions nor will we be bound by them. Availability may vary by store and prices are subject to change. Please see an IKEA co-worker or visit www.IKEA.ca for more information.

How to plan

What do you want to store?

Sort through all the clothes you own. Count how many pieces you want to store in each category like shoes, dresses, sweaters, pants, etc.

How much space do you have?

Determine where you want your open storage solution. Sketch out the space, measuring from the floor to the ceiling and between the walls. Take detailed measurements, note any windows or doors and allow for opening and closing doors. Consider any radiators, pipes, ventilation or other features that could affect your storage solution.

Pick a base

ELVARLI can be made using a wall-anchored side unit (1) or a ceiling-anchored post (2) as a base. The post height is adjustable between 222-350 cm (87¼"-137¾"). The side unit is available in two depths: 36 cm (14⅛"), 51 cm (20⅛") at a height of 216 cm (85"). Remember! Every post must have brackets for each interior that you add. Every side unit must have a cross-brace.

Want a ready-made combination?

Browse the ready-made combinations in this buying guide and more solutions at www.IKEA.ca. Our co-workers can help you compile a picking list of your chosen combination to guide you through the Self-Serve area. They can also help you with other services such as planning, delivering and assembling.

Want to create your own solution? Follow these simple steps and use the additional information provided in this buying guide:

Choose the interiors

Clothes rails, shelves, inserts, drawers and shoe shelves are the ELVARLI interiors. Choose a combination of interiors to solve your specific storage needs. All interiors are available in two widths: 40 cm (15¾"), 80 cm (31½"), and two depths: 36 cm (14⅛"), 51 cm (20⅛"). Remember! Although an insert can be used on its own as a compartment for boxes or folded clothes, every drawer must have an insert.

Calculate the width

Make sure your solution will fit in your chosen location. Whether you use posts or side units, you will need to allow for extra width. Calculate the width of your storage solution using the information on page 3.
