IKEA HACKAS Handle Anthracite

Introduction

- This document provides assembly instructions for the HACKÅS product from IKEA.

Brand Information

IKEA

- Design and Quality
- IKEA of Sweden

Assembly Instructions

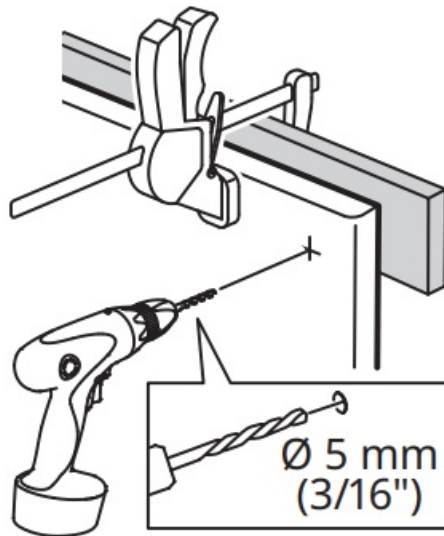

Tools Required

- Avoid using a screwdriver. Use a drill and clamp for assembly.

Steps

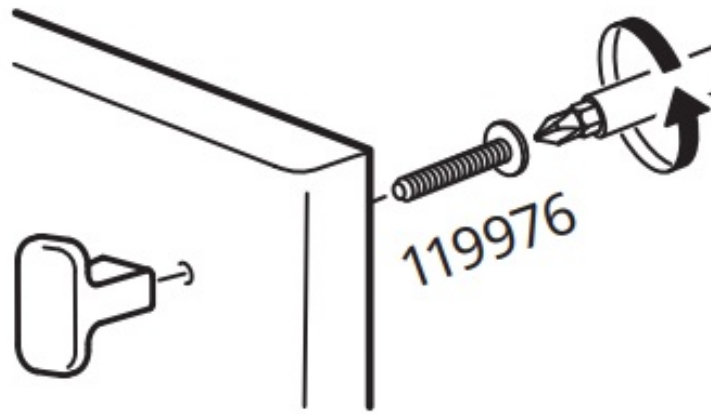

Step 1

- Secure the piece with a clamp and use a drill with a 5 mm (3/16") bit to make a hole.

Step 2

- Insert the component labeled "119976" into the drilled hole and secure it by turning clockwise.

Support

- If you have questions during assembly, refer to the IKEA customer service for assistance.
