IKEA SYMFONISK WiFi Speaker

Product Information

Specifications

- Product Name: SYMFONISK WiFi Speaker
- Compatibility: Apple AirPlay 2
- Control: Sonos app
- Streaming: WiFi
- Colors Available: Black, White

Product Usage Instructions

WiFi Streaming

The SYMFONISK WiFi Speaker allows you to stream music, podcasts, and radio via WiFi. This speaker is part of the Sonos wireless sound system, which can fill as many rooms as you want with great sound.

Why WiFi?

WiFi streaming allows you to enjoy music, podcasts, and radio without interruptions from phone calls or notifications. It provides a seamless multi-room sound experience.

Stereo Sound

The SYMFONISK WiFi Speaker offers amazing mono sound. For an even more detailed sound experience, you can pair two identical speakers, such as two WiFi bookshelf speakers, and set them up as a stereo pair. The paired speakers can be in different colors.

Control with Sonos App

You can control the SYMFONISK speakers using the Sonos app. The app provides easy access to various features and settings of the speaker.

Apple AirPlay 2 Compatibility

The SYMFONISK WiFi Speaker is compatible with Apple AirPlay 2, allowing you to stream audio directly from your Apple devices.

FAQ

Q: What are the maximum load and mounting options for the WiFi bookshelf speaker?

A: The SYMFONISK WiFi bookshelf speaker can be mounted on the wall using the SYMFONISK speaker bracket. The maximum load capacity of the speaker depends on the type of wall and fastening used. It can support up to 6.5 lbs.

Q: How do I turn the light on and off for the SYMFONISK table lamp with WiFi speaker?

A: To turn the light on and off, simply press the button on the front of the SYMFONISK speaker lamp base. You can complement it with a shade and a SOLHETTA bulb.

Stream via WiFi. SYMFONISK is part of the Sonos wireless sound system that fills as many rooms as you want with great sound

Speakers to create atmosphere at home, in every room.

The SYMFONISK speakers are a collaboration between IKEA and Sonos, so it easily integrates with other products from Sonos. You can stream music, podcasts and radio via WiFi without interruptions from phone calls or notifications. The music keeps playing even when your phone or tablet is not nearby. Control each speaker individually to play music in one room and an audiobook in another, or group them and play the same sound throughout your home.

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

APPLICATION

GOOD TO KNOW

Why WiFi?

WiFi streams from your network instead of your phone or tablet so you can enjoy music, podcasts and radio without interruptions from phone calls or notifications. WiFi speakers are perfect for a multi-room sound experience.

Apple AirPlay 2

Compatible with AirPlay 2 so you can stream audio directly from your Apple devices.

Stereo sound

Both the table lamp and bookshelf speakers give amazing mono sound. If you want even more detailed sound, get two identical speakers, such as two WiFi bookshelf speakers, and set them up as a stereo pair. Stereo paired speakers can be in different colors.

Sonos app

Control the SYMFONISK speakers with the Sonos app.

The services for streaming music vary between different regions, information about your region can be found on the Sonos website.

To control this AirPlay 2-enabled speaker, iOS 11.4 or later is required. Apple and AirPlay are trademarks of Apple Inc., registered in the USA and other countries.

COMBINATIONS
