## IKEA UTSUND LED String Light with 12 Lights

## Product Information

The UTSUND product comes with a timer that automatically switches off the light after 6 hours and turns it back on at the same time the next day. The product can be hung but should be kept out of reach of young children to

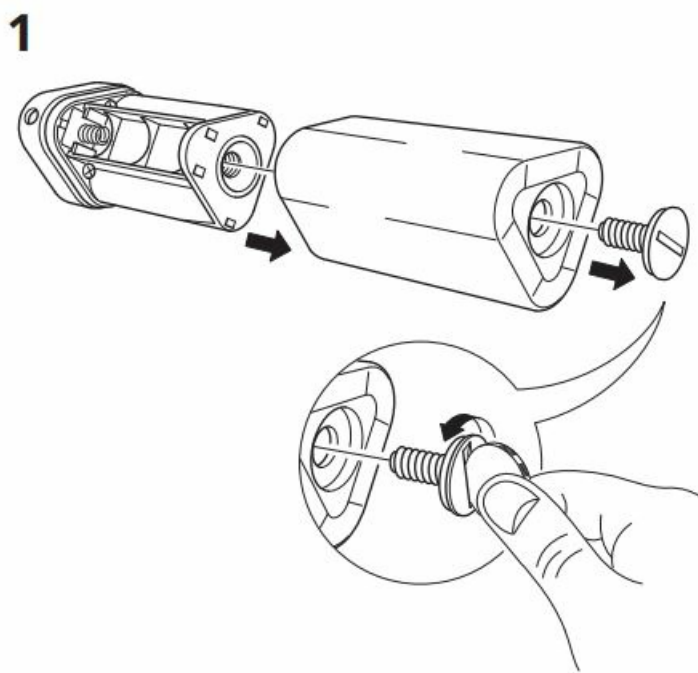

avoid strangulation hazards. The product is available in multiple languages including English, Nederlands, Suomi, Italiano, Polski, Latviešu, Lietuvi, Hrvatski, Srpski, Slovenscina, Bahasa Indonesia, and Bahasa Malaysia.

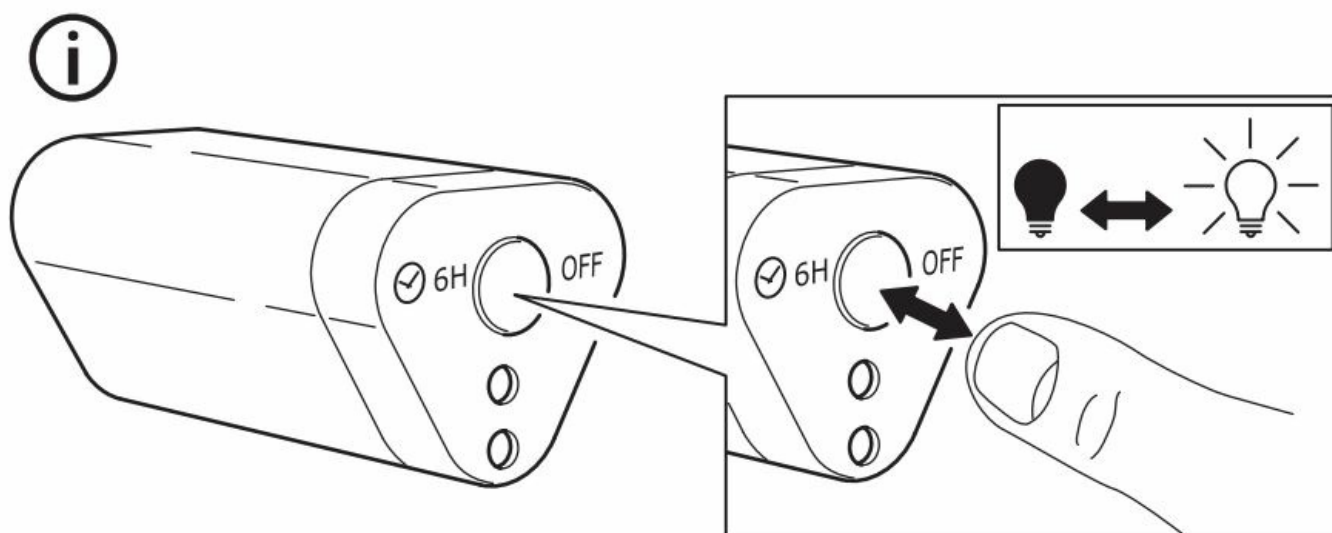

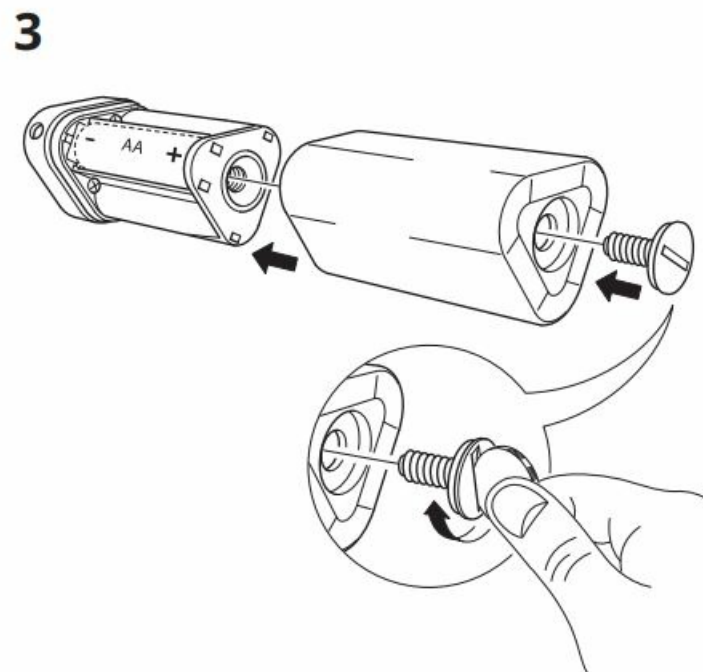

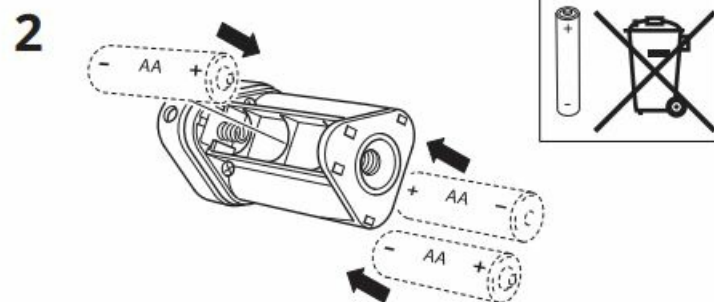

## Product Usage Instructions

1. Hang the UTSUND product in a safe location that is out of reach of young children to avoid strangulation hazards.
2. Turn on the light using the switch or button provided.
3. The timer will automatically switch off the light after 6 hours. To turn off the light before 6 hours, use the switch or button provided.
4. The timer will automatically turn on the light at the same time the next day. To change the time when the light turns on, refer to the product manual for instructions.
5. To replace the batteries, refer to the product manual for instructions.

**CAUTION!** Strangulation hazard.  
Hang out of reach of young children

## installation

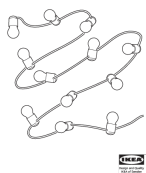

The timer switches the light off automatically after 6 hours, and switches it back on at the same time next day.
