IKOHS CREATE Pot Studio 24

GENERAL CHARACTERISTICS

- Superior quality marble pattern non-stick coating.
- Excellent non-stick performance, healthy cooking with little or no oil.
- PTFE & PFOA free food grade non-stick coating, following LFGB standard.
- Soft cool touch Bakelite handle, heat-resistant.
- Easy to clean.

IMPORTANT:

Continued use on gas fires will cause colour changes in the exterior coating material. Likewise, the interior coating material will change colour due to the natural wear and tear of use. This is not a defect and does not affect the functionality of the product.

Accidental bumps or drops could damage the Bakelite insulating coating or exterior paint. Be careful.

INSTRUCTIONS FOR USE

- Remove all packaging materials and labels. Please recycle waste properly.
- Wash in warm soapy water; rinse and dry thoroughly with a soft cloth.
- Follow this steps before first use as follows:
 1. Heat clean, dry pan on Low heat for 30 seconds.
 2. Remove from heat and add 1 tablespoon of vegetable oil.
 3. Using a paper towel, rub the oil all over the entire interior surface of the pan.

CARE AND CLEANING

- Do not preheat your cookware on high heat.
- Do not allow the pan to boil dry.
- Allow the pan to cool before thoroughly washing after each use. Plunging a hot pan into water can cause irreparable warping.
- While this cookware is dishwasher-safe, the best way to care for your cookware is to simply wash it in warm water using a cloth or soft sponge. Rinse and dry with a soft towel or paper towel.
- Do not use metal utensils.
- Do not use oven cleaner or any cleaner that is abrasive or which contains chlorine bleach. Do not scratch the non-stick coating.
