Connect to the App

To connect your powerpoint to the app, you must first enter pairing mode. All Mercator Ikuü Zigbee products require a Mercator Ikuü Zigbee hub. Touch and hold the 1st and 3rd switches on the power point for 5 seconds. The two pairing indicators will start to blink rapidly (approx. 8 times every 5 seconds).

Refresh the Mercator Ikuu app if required. Your product should now appear in your device list – this may take up to a minute.
