## SetUp theApp

2. Tap 'create new account' or 'log in to account'.
3. Follow the in-app prompts and tap 'OK'.

## Connect to the App

To connect your light switch to the app, you must first enter pairing mode. All Mercator Ikuü Wi-Fi products require a 2.4GHz Wi-Fi network.

### Activate Pairing Mode:

Touch and hold either of the touch switches for 5 seconds. The pairing indicator will start to blink rapidly (approx. 8 times every 5 seconds).

### Pairing Your Light Switch:

1. Open the Mercator IkuU app. Make sure your product is still in pairing mode.
2. Tap + > Add Device > Auto Scan. The discovery process will begin.
3. When your product is discovered, tap 'next'.
4. Confirm your Wi-Fi details and tap 'confirm'. This will begin the pairing process, which will add your light switch to the app.
5. Once pairing is complete, you can edit your light switch's name (optional).
6. To finish the pairing process, tap 'done'.

**Note:** If the pairing process doesn't work, and you are certain that the password for your 2.4GHz Wi-Fi network is correct, try pairing in AP mode. Refer to our website for details.
