Immax Neo 07774L NEO LITE Smart External Socket

Product Information

This product is the Immax NEO PRO, a smart device that can be controlled through the Immax NEO PRO app. It is manufactured in P.R.C. and operates on Wi-Fi protocol with a frequency range of 2400MHz to 2483.5MHz. The maximum RF output power for Wi-Fi is 20dBm.

Product Usage Instructions

1. Download and Install the Immax NEO PRO App:

- Scan the QR code provided in the user manual to download the Immax NEO PRO app.
- Alternatively, search for and install the Immax NEO PRO app in the App Store or Google Play.

2. Create an Account:

- Launch the Immax NEO PRO app and tap on “Register” to create your own account.
- Complete the registration process and then log in with your account.

3. Pairing the Product to the Application:

- Make sure the device is switched on and open the Immax NEO PRO app.
- Ensure that your mobile device is connected to the same Wi-Fi network as the product.
- If you have Bluetooth enabled on your mobile device, long press the button on the device for more than 5 seconds. The LED light on the device will flash rapidly. The mobile device will automatically find the product and prompt you to add it in the app.
- If you do not have Bluetooth enabled, perform a device reset by long pressing the button on the device for more than 5 seconds. The LED light on the device will flash rapidly. In the Immax NEO PRO app, click on the “Room” tab and then on the “+” button to add the device manually.
- Enter the access Wi-Fi network details and confirm. The product will be paired with the app.

4. Safety Instructions:

- Keep the product out of reach of children as it contains small parts that may cause suffocation or injury if swallowed.
- Dispose of the product and batteries at a recycling center, not with normal household waste.
- Ensure safe installation by following applicable wiring codes. Installation should only be performed by a person with appropriate electrical certification. Disconnect the supply cable during installation or when a fault is detected. Improper installation can lead to product damage and injury.

- Do not disassemble the product to avoid the risk of electric shock.
- Use only the original power adapter supplied with the product. Do not operate the unit if the power cord shows signs of damage.
- Follow all instructions provided in the enclosed manual.

5. Maintenance:

- Protect the equipment from contamination and dirt.
- Wipe the unit with a soft cloth, avoiding rough or coarse materials.
- Do not use solvents or aggressive cleaners or chemicals.

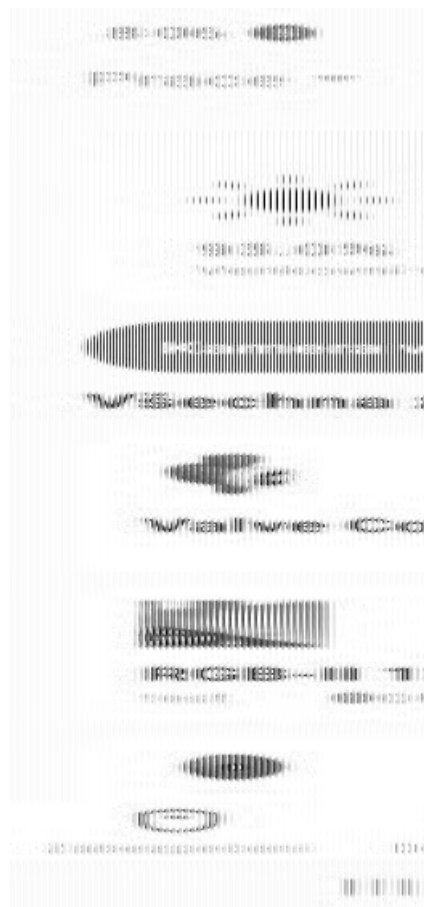

A Declaration of Conformity has been issued for this product. For more information, please visit www.immax.cz.

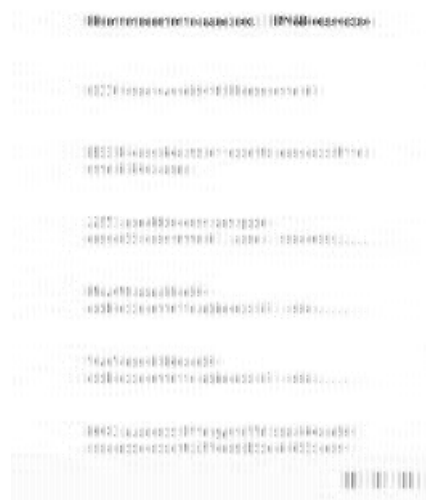

Or search for and install the Immax NEO PRO app in the App Store or Google Play.

- Launch the Immax NEO PRO app and tap “Register” to create your own account.
- Once you have completed registration, log in with your account.

PAIRING THE PRODUCT TO THE APPLICATION

Preparation: switch on the device and open the Immax NEO PRO app. Make sure you are connected to the same WiFi network that the product.

Bluetooth add-on option

- Reset the device – long press the button on the device for more than 5 seconds. The LED light on the device will flash rapidly.
- If you do not have Bluetooth enabled on your mobile device, you will be prompted to do so. Once Bluetooth is turned on, the mobile device will automatically find the product.
- A window will appear in the app informing you that a new device has been found. Click the “Continue” button and then the “+” button. Enter the access WiFi network and confirm. The product will then be paired and the Immax NEO PRO app will be added.
