Let's get start!

Operation guideline. Please take below simple guideline instruction as reference.

Operation Steps	Operation Items	New Account	Re-install APP (registered before)
Step 1	Download and Install APP	YES	YES
Step 2	Activate APP	YES	YES
Step 3	Registration Account	YES	NO
Step 4	Login	YES	YES
Step 5	Select Add Device / Window AC to control	YES	Registered Device will remain.
Step 6	Press ECO button on Remote Control 6 times, the unit will display app, and connect	YES	Registered Device will remain.

Note If you registered the account and added device before, when you re-install the APP again and login, the added device will remain .

FCC Caution (FCC ID: 2AJCLTWAC-TYWFS/2ANDL-WBR3)

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Wi-Fi Module specification and basic information

1. Minimum specifications on a Smart phone:

Android 5.0 version or higher

IOS 9.0 version or higher

Wi-Fi Module specification and basic information

2. Basic parameters for Wi-Fi module

Parameters	Details
Network frequency	2.400 – 2.500GHz
Standards of WLAN	IEEE 802.11 b/g/n(channels 1-14)
Protocol stack support	IPv4/IPv6/TCP/UDP/HTTPS/TLS/Multicast DNS
Security support	WEP/WPA/WPA2/AES128
Network type support	STA/AP/STA+AP

Download and Install the App

	 <p>SmartLife-SmartHome</p>
---	--

For Android smart phone

Method1: Please scan the QR code with a browser scanner, download and install the APP.

Method2: Open the Google “Play Store” on your smartphone and search “SmartLife-Smart Home” , ownload and install the APP.

For IOS smart phone

Method1: Please scan the QR code and follow the tips to get into “AppStore”, download and install the APP.

Method2: Open the Apple “AppStore” on your smart phone and search “SmartLife-SmartHome” , download and install the APP.

Note:

Please enable the permissions of Storage/Location/Camera for this APP when installing. Otherwise it will have some problems when operating.

Activate APP

The first time the app is used, it will need activating.

1. Launch the APP “SmartLife-SmartHome” on your smart phone.

SmartLife-SmartHome

2. **Method1:** Tap button “Scan” and scan the right Activate QR code

Method2: Tap “or Enter Activation Code” in bottom of the screen, then enter the activate code and tap “CONFIRM”.

Activate QR code and activation code

Note Without the QR code or activation code, you can't active the APP and using it, please keep them safe.

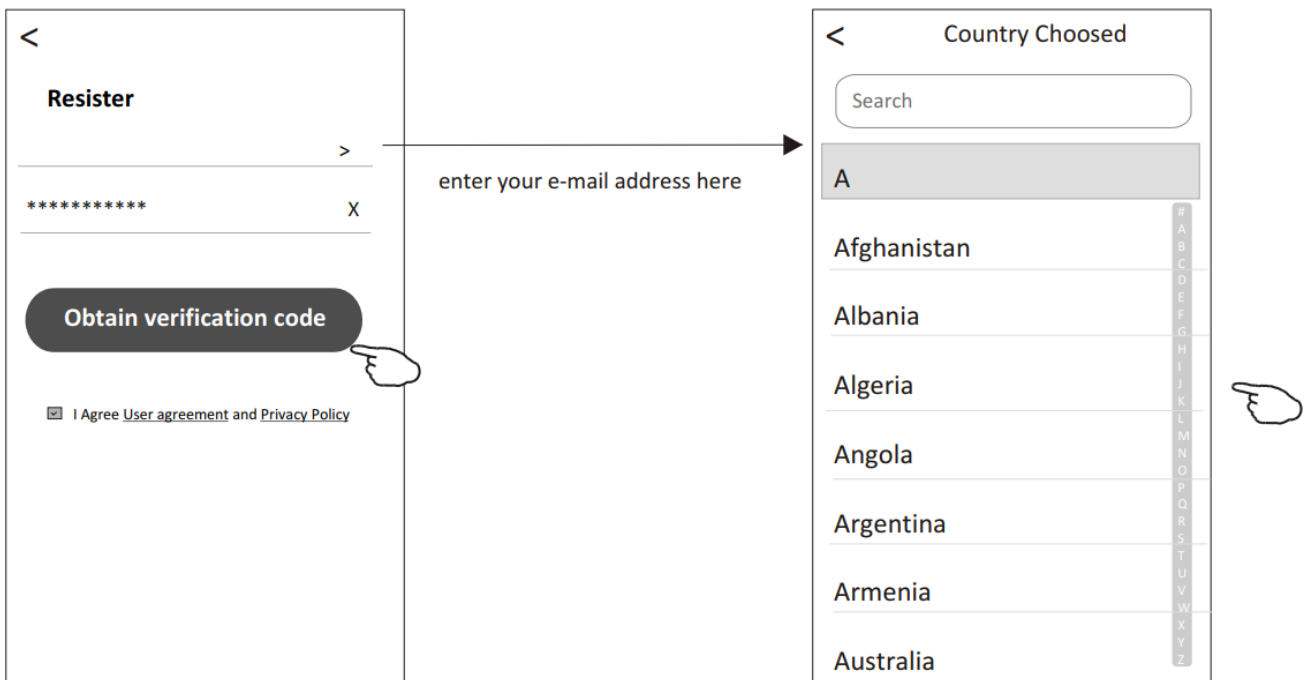

Registration

1. If you don't have any account please tap button "Register".
 1. Read the Privacy Policy and tap "Agree".

2. Tap ">" and choose the country.
3. Enter your e-mail address.
4. Tap the button "Obtain verification code".

Search the country or slide the screen up/down to find and choose the Country.

5. Enter the verification code you received from e-mail.
6. Set the Password with 6-20 characters including characters and numbers.
7. Tap "Done".

The first time the APP is used, Create family is needed:

4. Tap "Create family".
5. Make name for the family.
6. Set the location.
7. Choose default rooms or add new rooms.
8. Tap "Done" and "Completed".

choose the recommended room or make a new room, then tap Done.

The 'Add Room' screen features a title bar with a back arrow, 'Add Room', and 'Done'. Below is a 'Room Name' field with a masked password '*****'. A 'Recommended' section contains a grid of room type buttons: Living Room, Master Bedroom, Second Bedroom, Dining Room, Kitchen, Study Room, Porch, Balcony, Kids Room, and Closet. An arrow points from the 'Add Room' button in the 'Add family' screen to this grid.

The 'Add family' screen has a title bar with a back arrow, 'Add family', and 'Done'. It includes fields for 'Family Name' (My home) and 'Family Location' (Set location). Below is a list of rooms with checkboxes: Living Room, Master Bedroom, Second Bedroom, Dining Room, Kitchen, and Study Room. An arrow points from the 'Set location' field to a location permission dialog. At the bottom is an 'Add Room' button with an arrow pointing to the 'Add Room' screen.

Family created successfully
View family Completed

A location permission dialog with a title bar containing 'CANCEL' and 'CONFIRM' buttons. The main text asks: 'Allow Smart Life to access this device's location?'. Below are three options: 'ALLOW ONLY WHILE IN USE', 'ALLOW ALL THE TIME', and 'DENY'.

Note:

The app can open the map on your phone and you can set the location where you are.

Forgot the password

If you forgot the password or you want to reset the password, operate as below:

1. Tap "Forgot password".
2. Enter your account(e-mail address) and tap button "Obtain verification code".
3. Enter the verification code received by your e-mail.
4. Set the new password and tap button "Done".
