PREVIDIA-C-DIAL

Alarm transmission and fault warning routing equipment.

Technical specifications	PREVIDIA-C-DIAL
Power supply voltage	19 / 30 V
Stand-by current draw	40 mA
Maximum current draw	140 mA
Frequency bands	2G: 850/900, 1800/1900 MHz 3G: 800/850/900, 1900/2100 MHz
Maximum RF output power	2W, 1W
Operating temperature	-5°C / 40°C

Mounting

Wiring the board

IEC 62368-1		
Isolation class /	I	
Terminal type /	ANT1	ES1, PS2
	L.E, L.I	ES1, PS1
Type	USB	ES1, PS1

Wiring the telephone line

Directive 2014/53/EU Hereby, INIM Electronics S.r.l. declares that these Previdia Compact control panels are in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. This product may be used in all EU Countries.

Documents for the users Declarations of Performance, Declarations of Conformity and Certificates concerning to INIM Electronics S.r.l. products may be downloaded free of charge from the **web address** : www.inim.biz, getting access to Extended Access and then selecting “Certifications” or requested to the e-mail address info@inim.biz or requested by ordinary mail to the address shown in this manual.

Manuals may be downloaded free of charge from the web address www.inim.biz, getting access to Extended Access and then selecting “Manuals”

WEEE : Informative notice regarding the disposal of electrical and electronic equipment (applicable in countries with differentiated waste collection systems)

The crossed-out bin symbol on the equipment or on its packaging indicates that the product must be disposed of correctly at the end of its working life and should never be disposed of together with general household waste. The user, therefore, must take the equipment that has reached the end of its working life to the appropriate civic amenities site designated to the differentiated collection of electrical and electronic waste. As an alternative to the autonomous-management of electrical and electronic waste, you can hand over the equipment you wish to dispose of to a dealer when purchasing new equipment of the same type. You are also entitled to convey for disposal small electronic-waste products with dimensions of less than 25cm to the premises of electronic retail

outlets with sales areas of at least 400m2, free of charge and without any obligation to buy.

Appropriate differentiated waste collection for the subsequent recycling of the discarded equipment, its treatment and its environmentally compatible disposal helps to avoid possible negative effects on the environment and on health and favours the reuse and/or recycling of the materials it is made of.
