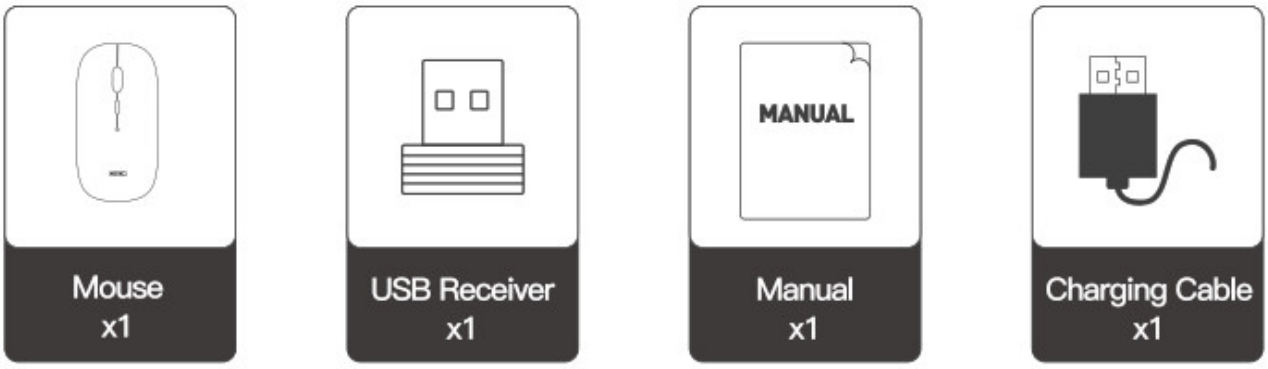
Package Contents:



HOW TO USE

Wireless connections:

1. Take out the receiver from the bottom of the mouse and plug the receiver into the USB port of your device.
2. Turn on the switch on the bottom of the mouse to get started. **(*Please noted that one mouse is equipped with one specific USB receiver. Please keep the receiver well.)**

BT connection:
① Turn on the BT mouse and then press the switch mode button on the bottom of the device.
BT 5.0 mode: Press and Switch the mode to BT 5.0(green light will blink slowly), Press the button again and hold for around three seconds. The green light will flash fast.
BT 4.0 mode: Press and Switch the mode to BT 4.0(The blue light will blink slowly), Press the button again and hold for around three seconds. The Blue light will flash fast.
② In a few moments, the BT device Named BT 5.0 Mouse/BT 4.0 Mouse should appear in the list of discovered BT devices. Select the device, and then click Continue to begin the pairing process.
③ After completing the Pairing, the corresponding indicator light will be on for around 2 seconds and then turn off, that means the mouse can be used normally. (*please Note that BT 5.0 mode does not support WIN? systems)
