GUARANTEE

WARRANTY DURATION

The general legal warranty applies to all products for 2 years from the delivery of the goods and upon providing the receipt as the proof of the purchase.

However, INSPIRE goes beyond that. We want you to have the best experience possible with our products, thus we have extended the warranty periods for all INSPIRE products to 5 years.

WARRANTY APPLICATION

For the warranty to be applied, the product must have been installed, used and maintained according to the Instruction Manual guidelines.

QUESTIONS AND CLAIMS

If you have any questions or encounter any problems regarding the use of the product, its performance or visual aspect, you are welcome to contact your vendor through the contact information you will find on the purchasing receipt.

OTHERS (SERVICE, REPAIRING, ETC.)

Have your product repaired by a qualified person.

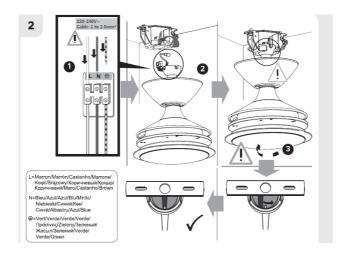

This electric product is in accordance with the relevant safety requirements.

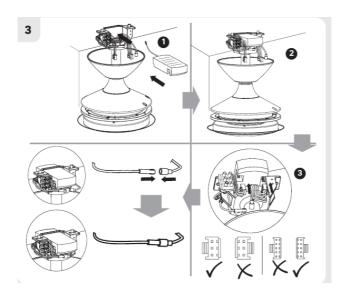

Repairs should only be carried out by qualified persons using original spare parts, otherwise This may result in considerable danger to the user.

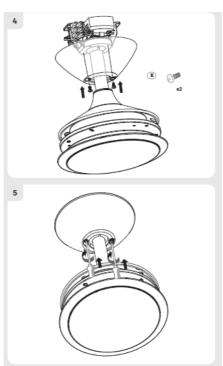

Please contact the store which you bought the product for after sale services if any question. Please contact the store which you bought the product if you lost the installation manual..

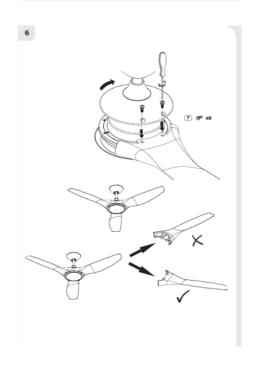

The light source contained in this luminaire shall only be replaced by the manufacturer or his service agent or a similar qualified person.

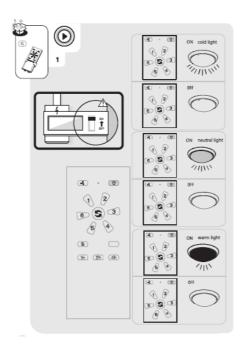

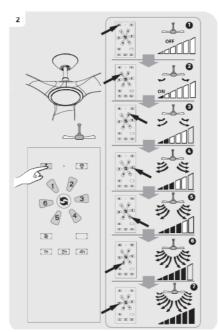

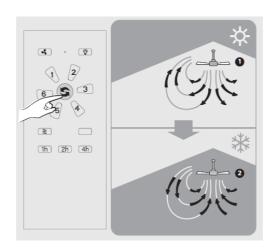

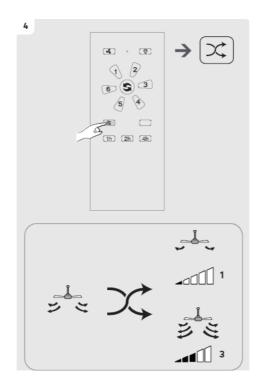

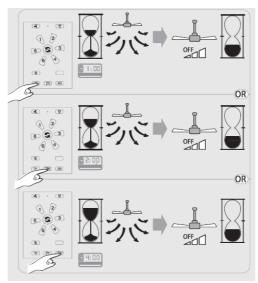

For the first use, the fan and the remote control are already paired. Pair setting ill may occur in following situations:

- 1. You get a new wireless remote control spare part.
- 2. You would like to use one remote control to control two fans.
- 3. You get a new receiver spare part.
- 1 . To pair 1 remote control to 1 fan.
- 1-1 Turn on power supply switch and the short "beep" sound is heard
- 1-2 Quickly press the" positive and negative key "until a long "beep" sound is heard; the paring is successful.
- 1-3 If "beep" sound is not heard, the pairing has failed. Turn off the power for 2 minutes, repeat the operation.
- 2. To pair 1 remote control to 2 fans
- 2-1 Pair the remote control to each fan one after the other. You could manage the paring two ceiling fans at the same moment (refer to the above case 1 « To pair 1 remote control to 1 fan»).
- 3. When the remote control is paired with 2 fans, and you want to pair it with only 1 fan
- 3-1 Repeat the paring operation of each ceiling fan with its remote control.

CE DECLARATION
