U-COM 8R SP € 249 – TP € 449	U-COM 16 SP € 339 – TP € 589	UP TO 24	UP TO 1,6 KM

REMOVABLE RANGE

IS RECCOMENDED FOR....

Riders who wants to use Interphone with different helmets..

ULTRA THIN RANGE

IS RECCOMENDED FOR....

Riders who prefer to have a very thin device and they are not interested in using it with different helmets.

U-COM 4/U-COM 16 come with a separate battery. They are perfect for Intercom Ready helmets, which have a dedicated space (slot) for inserting the battery. On page 4 of this guide and on our website, you can find a list of helmets equipped with this feature. “Naked” batteries, i.e., smaller ones designed to fit into compact spaces, are available for purchase. Alternatively, the battery can still be attached to the back of the helmet in a concealed position using the bracket included in the pack.

Below is a list of Intercom helmets.

Which Interphone model fits your needs?

I ONLY NEED TO MAKE PHONE CALL AND LISTEN TO MUSIC	—————> U-COM 3/U-COM 3HD
I ALSO NEED TO TALK WITH:	
my passenger or a friend with motorbike	—————> U-COM 3/U-COM 6R
in small group (max 4 riders)	—————> U-COM 7R/U-COM 4
in large group (max 24 riders)	—————> U-COM 8R/U-COM 16
I LOVE LISTENING TO MUSIC IN HD	—————> U-COM 3HD/U-COM 8R/U-COM 16 Are already equipped with HD SPEAKERS
	—————> U-COM 6R/U-COM 7R You can order separately UCOMSPEAKER40
CAN I TALK WITH MY FRIENDS WITH SENA OR SHOEI/NOLAN BT HELMET?	—————> All UCOM products are 100% compatible with Sena/Shoei/Nolan/Shubert and can also operate with all the others intercommunication systems in the market. See on the back of this page a list of compatible brand/products.
I JUST WANT THE MOST ADVANCED AND EASY-TO-USE PRODUCT	—————> U-COM 8R and U-COM 16 are equipped with MESH technology, enabling easy, stable, and intuitive connections, along with many other advantages. In just a few seconds, the control units pair and remain connected, even if someone in the group disconnects or decides to stop.
