IMPORTANT SAFETY RULES

Read and follow all safety information and instructions. Keep for future reference.

Failure to follow these warnings and instructions can result in serious injury or death to users, especially children.

Refer to the model name or number stated on the packaging and/or product. Packaging must be read carefully and kept for future reference. See product for additional warnings

WARNING

- Never leave your child unattended – drowning hazard.
- Only for domestic use. Only for outdoor use.
- Refer to the packaging for recommended user age and/or weight.
- Children, especially children younger than five years, are at high risk of drowning.
- Children can drown in very small amounts of water. Empty the pool when not in use.
- Keep children in your direct sight, stay close, and actively supervise them when they are in or near the pool and when you are filling and emptying this pool. When searching for a missing child, check the pool first, even if child is thought to be in the house.
- Empty pool completely after each use and store the empty pool in such a way that it does not collect water from rain or any other source.
- Keep unsupervised children from accessing the pool by installing fencing or other approved barrier around all sides of pool. State or local laws or codes may require fencing or other approved barriers. Check state or local laws and codes before setting up pool.
- Do not leave toys inside pool when finished using, since toys and similar items might attract a child to the pool.
- Position furniture (for example, tables, chairs) away from pool and so that children cannot climb on it to gain access to the pool.
- Do not dive or jump into this pool. Diving or jumping into shallow water can result in broken neck, paralysis, or death.
- Keep all electrical lines, radios, speakers and other electrical appliances away from the pool. Do not place pool near or under overhead electrical lines.
- Keep a working phone and a list of emergency numbers near the pool.
- Become certified in cardiopulmonary resuscitation (CPR). In the event of an emergency, immediate use of CPR can make a life-saving difference.

GENERAL

- Pool and pool accessories are to be assembled and disassembled by adults only.
- Do not set up the pool on a slope or inclined surfaces. The area where the pool is to be set up must be absolutely flat and level, and at least 2 m away from any structure or obstruction such as a fence, garage, house, overhanging branches, laundry lines or electrical wires.
- Do not install the paddling pool on mud, sand, soft or loose soil condition, deck, platform, balcony, concrete, asphalt or any other hard surfaces.
- For certain models – Locate the slide out of direct sunlight to reduce the likelihood of scalding. A product that faces north will receive the least direct sunlight.
- Do not lean, straddle, or exert pressure on the inflatable wall or side wall as injury or flooding could occur. Do not allow anyone to sit on, climb, or straddle the sides of the pool.
- Protect all pool occupants from recreational water illnesses by keeping the pool water clean. Don't swallow the

pool water. Practice good hygiene.

- Remove all hard, sharp and loose objects such as jewelries, watches, buckles, keys, shoes, hairpin, etc from users before entering the pool.
- Pools are subject to wear and deterioration. Properly maintain your pool. Certain types of excessive or accelerated deterioration can lead to pool failure. Pool failure might cause large quantities of water to release from the pool.
- Do not modify this product and/or use accessories not supplied by the manufacturer. There are no serviceable parts.

SET UP

Depending on the size of the product, 2 or more adults are recommended for setup. Set up time may vary from 10 to 20 minutes excluding water fill time.

1. Find a flat, level lawn surface that is free and clear of stones, branches or other sharp objects that may puncture the pool liner or cause injury.
Certain types of grass such as St. Augustine and Bermuda, may grow through the liner. Grass growing through the liner it is not a manufacture defect.
2. Move the product (in its package) to the selected site before inflating – do not inflate the product and drag it since it may result in leaks or damage
3. Slowly unfold the product and inspect the product for rips, tears or punctures. Do not use if the product is damaged.
4. Lay the pool out as evenly as possible and close all drain plugs and/or exhaust valve caps if any.
5. Inflate the bottom air chamber first with a manual air pump designed specifically for inflatable products, and then the next chamber or chambers in sequence.
6. Fill the product with air until the surface is firm to the touch. If there is any straining at the seams, the product is over-inflated. If any seam begins to strain, immediately stop the inflation and release air to reduce the pressure until signs of stress on the seam are gone. Do not over-inflate or use high pressure air compressor since it may result in seam leaks.
7. Close and recess all inflation valve cap(s) securely by pushing down firmly on it.
8. Slowly fill with water to a safe level for intended users.

INSTRUCTIONS FOR PRODUCTS WITH WATER SPRAYER AND OTHER ACCESSORIES (VARY FROM MODELS):

Attaching the water sprayer

1. Locate the sprayer connector (A).
2. Attached the sprayer connector (A) to a garden hose (B) by threading the sprayer coupling onto the garden hose. Tighten securely.
3. Turn the water on slowly at first to allow water to gradually fill in. Then adjust the spray as desired.
4. If an adaptor is provided (vary with models), thread the adaptor (C) to the sprayer connector (A) and insert the garden hose (B) into the adaptor (C).

POOL MAINTENANCE & DRAINAGE

- Inspect the pool at the beginning of each use for holes, leakage, wear and tear and other damages. Never use a damaged paddling pool.
- Water can easily be contaminated. Change the water of paddling pool frequently (particularly in hot weather) or when noticeably contaminated.

How to Drain Your Pool and Long Term Storage:

1. Adults shall drain and store the pool. Check local regulations for specific directions regarding disposal of swimming pool water.
2. Remove all accessories, toys, garden hose, etc from the pool.
3. Open the drain valve cap (vary from models).
4. Carefully open the inflation valve caps and/or exhaust valve caps to deflate the air chambers, and slowly push the sidewall inward and down to speed up the drainage of the pool. Slowly lift one side of the pool to drain out the remaining standing water.
5. Re-insert all valve caps afterwards for storage.
6. Be sure pool and all parts are completely dry before folding, let it sit under the sun for an hour.
7. Fold and store the liner and accessories in a dry, clean indoor storage location. The original packing carton can be used for storage.

Repair patch:

A repair patch has been included with the product to repair small leak and holes. Refer to the instructions on the back of the repair patch.

For the following model number: 56440, 57100, 57132, 57400, 57402, 57403, 57407, 57412, 57420, 57421, 57422, 57426, 57428, 57429, 57433, 57435, 57444, 57449, 57453, 57454, 57469, 57470, 58426, 58439, 58446, 58449, 58924, 59405, 59409, 59416, 59419, 59421, 59431, 59460, 59469, 58922, 57424, 57451, 58915, 57446, 58420, 57109, 57110, 57135, 57437, 57134, 58425, 57105, 59406, 57119, 57120, 57138, 57139, 57136 57101, 57102, 48674, 57137.\
