Product Specification

Product : A80 Mechanical Keyboard
Model: A80 Explorer
Key Count: 83
Keyboard Material: ABS Case + PBT Keycaps
Legends Printing: Dye Sublimation
Large Key Structure: Costar Stabilizers
Rating: 5V-1A
Connect Interface: USB Type-C
Cable Length: 150cm
Dimensions: 321*158*52mm
Origin: Shenzhen, China
Web: www.IQUINIX.store
Support E-mail: support@iqunix.store

Three Ways of Connecting Devices

Bluetooth Connection Mode

1. Toggle the keyboard Mode Switch to wireless side 
2. Press FN+1, then hold FN+1 for 5 seconds if the indicator blinks in blue light. (Bluetooth matching mode on when blue light blinks.)

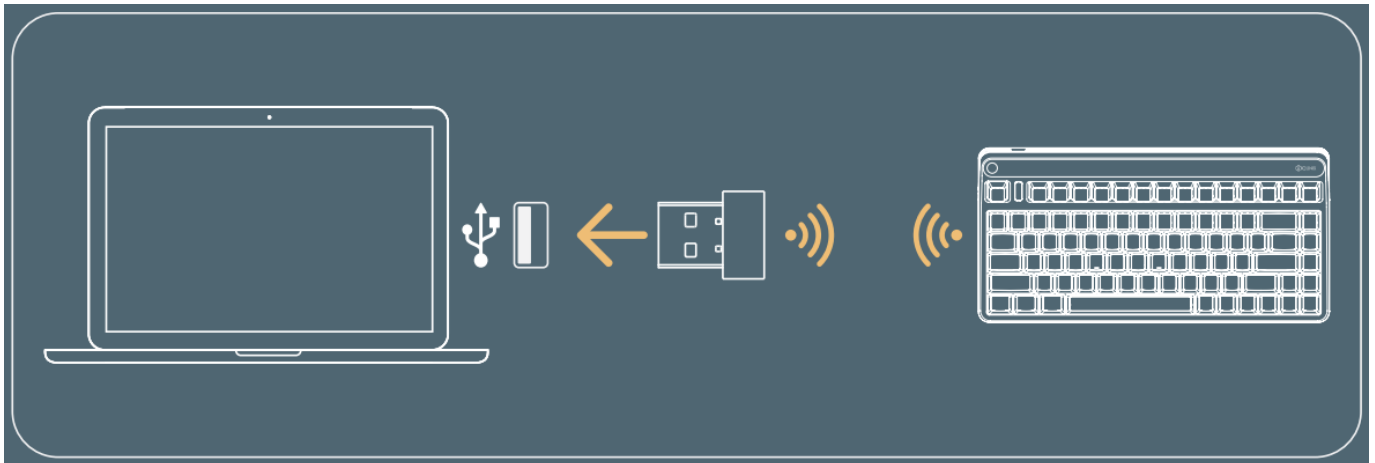

3. Enable Bluetooth matching (Computer / Phone / Tablet)
4. Select the matching device (IQUNIX AVER80 BT 1)
5. Indicator light turning off when matching successfully.

If you need to connect a new device, please hold FN+1 for 5 seconds to remove the previous device. When the LED indicator blinks blue light, you can connect your device following the Step 3.

2.4GHz Connection Mode

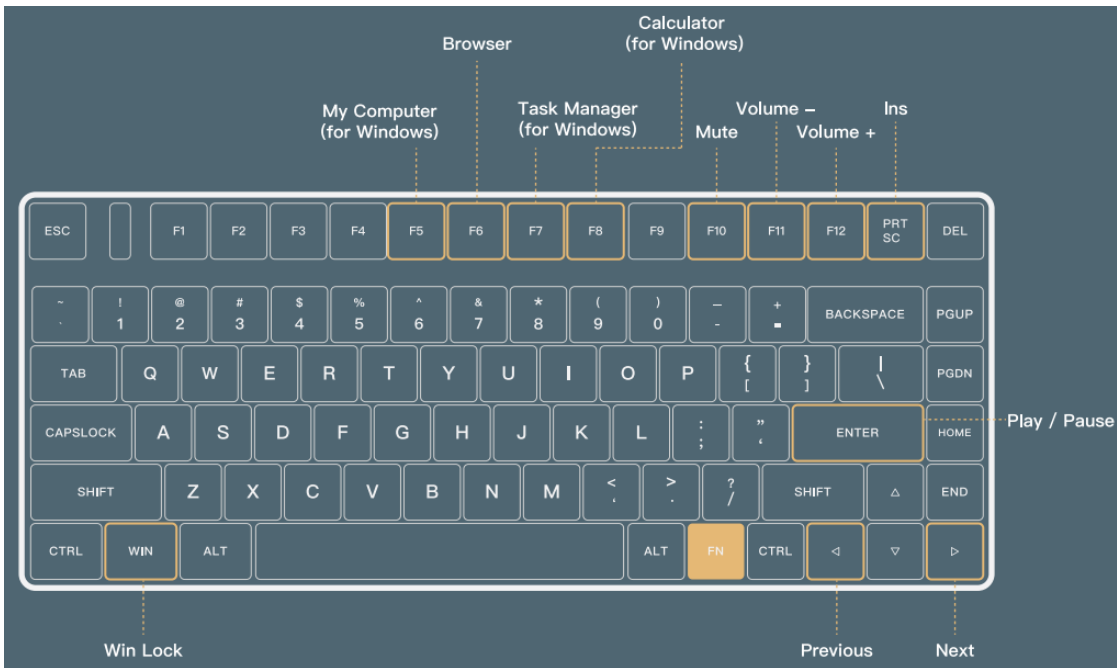

1. Toggle the keyboard Mode Switch to “wireless mode”. 
2. Plug the 2.4GHz receiver into your computer.
3. Press FN+4 to enter 2.4GHz matching mode  (2.4GHz matching mode on when pink light blinks.)
4. Indicator light turning off means successful matching.

Wired Connection Mode

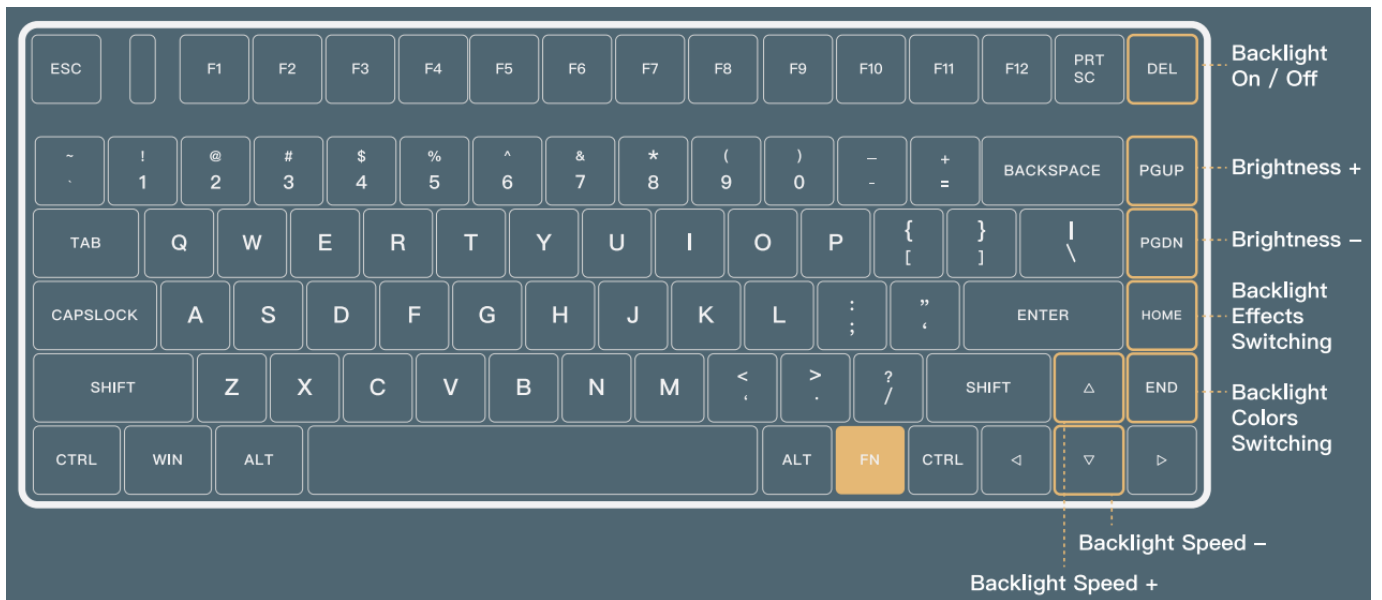

1. For Wireless Version, toggle the keyboard Mode switch to wired side. 
2. Plug the USB cable into your device.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

Waste Electrical and Electronic Equipment Information

Correct Disposal of This Product (Waste Electrical & Electronic Equipment) (Applicable in countries with separate collection systems) This marking on the product, accessories or literature indicates that the product and its electronic accessories should not be disposed of with other household waste at the end of their working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate these items from other types of waste and recycle them responsibly to promote the sustainable reuse of material resources. Household users should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take these items for environmentally safe recycling. Business users should contact their supplier and check the terms and conditions of the purchase contract. This product and its electronic accessories should not be mixed with other commercial wastes for disposal.
