IRIS Ohyama

IRIS Ohyama Pet Food Storage Container

Specifications

- **Material:** PET tank body, PET measuring cup, PP lid
- **Capacity:** Marked capacity for food loading
- **Usage:** Suitable for storing dry foods like cat food and grains
- **Not Suitable for:** Liquids, strong acids, alkalis, or corrosive substances
- **Safety Features:** Not heat-resistant, avoid microwave ovens and dishwashers

Usage Instructions

1. **Pre-use Preparation:** When using for the first time, disassemble the PET tank body, PP lid, and PET measuring cup. Wash them with clean water and dry thoroughly to ensure no stains or foreign objects remain.
2. **Food Loading:** Open the PP lid and pour cat food or grains into the PET tank body. Ensure not to exceed the marked capacity of the product to avoid affecting the sealing due to overfilling.
3. **Sealed Storage:** After loading the food, align the PP lid with the PET tank body, press and twist tightly to ensure the sealing structure is tight, achieving moisture-proof effect.
4. **Food Dispensing and Measuring:** When taking food, open the lid and use the PET measuring cup to measure as needed, precisely controlling the feeding amount.
5. **Cleaning and Maintenance:** Regularly clean the residues inside the tank. Use mild detergent for cleaning. The PET components should avoid high-temperature scalding. After washing, let them air dry before reuse.

Safety Warnings

1. **Material Properties:** The tank body (PET), measuring cup (PET), and lid (PP) are not heat-resistant. Forbidden to use in microwave ovens, dishwasher cleaning, or long-time soaking in boiling water, to prevent deformation or release of harmful substances.
2. **Usage Safety:** Avoid dropping or squeezing to prevent the PET tank body from cracking or PP components from damaging. Store the lid and accessories properly to prevent loss.
3. **Pet Protection:** Keep small parts like the measuring cup away from pets to prevent chewing and accidental swallowing. Regularly check the food in the tank and stop using it immediately if deterioration is found.
4. **Application Scope:** Only suitable for storing dry foods such as cat food and grains.

Strictly forbidden to store liquids, strong acids, alkalis, or other corrosive substances.

Frequently Asked Questions

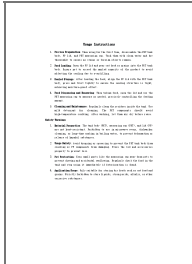

Q: Can I use this container for wet cat food?

A: No, this container is only suitable for storing dry foods like cat food and grains. It is not designed for liquids.

Q: How do I clean the components of the container?

A: Wash the components with mild detergent and avoid high-temperature scalding. Let them air dry before reuse.
