ITC 690471 Compel Linear Light

PARTS/TOOLS NEEDED

			
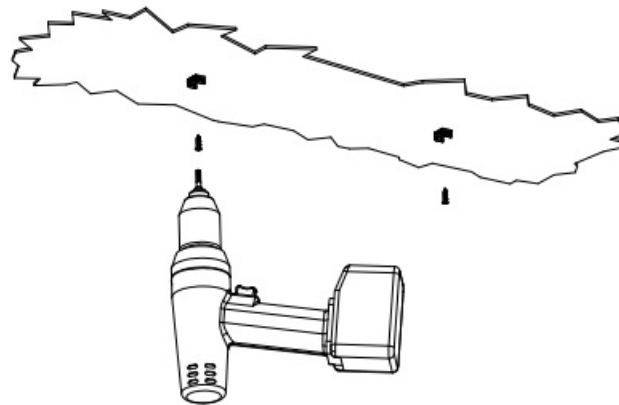

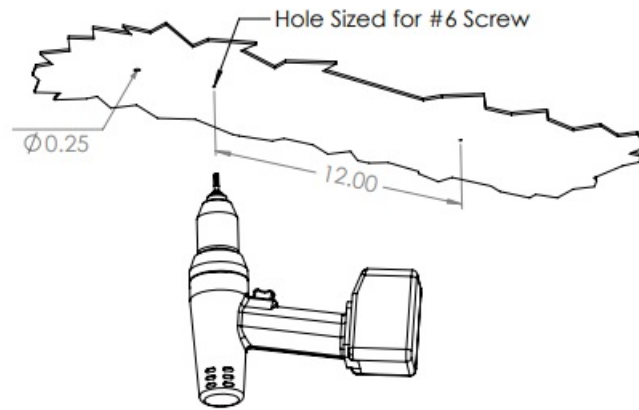

Compel Light	Mounting Clips & Screws	Butt Splice Connectors (Not Provided)	Power Drill

General Considerations

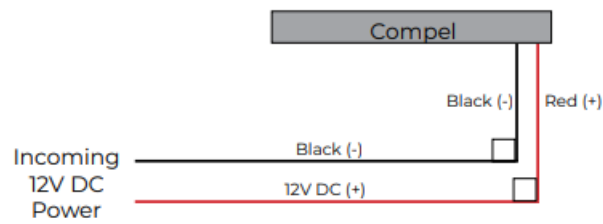

- Disconnect power before installing, adding or changing any component.
- To avoid a hazard to children, account for all parts and destroy all packing materials.
- Do not install any luminaire assembly closer than 6" from any combustible materials.
- Max voltage: 12V DC \pm 20%
- Operating temperature: -20° to 50°C
- Dimmable: 10% to 100%
- Product is designed for interior use only

INSTALLATION

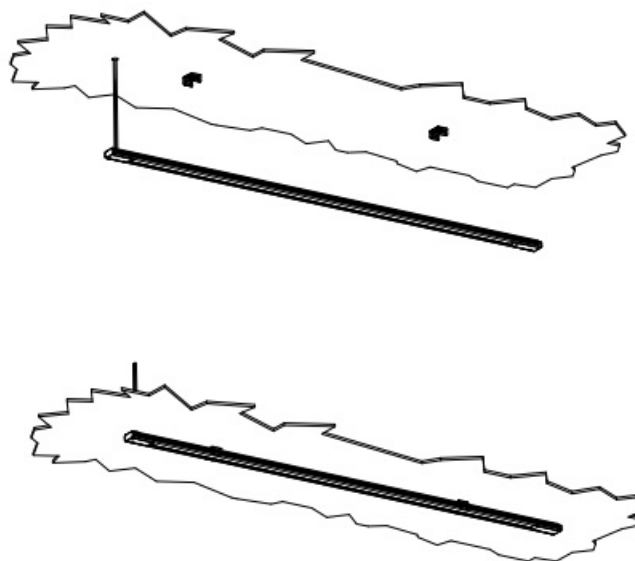

1. Determine the installation location and mark the clip locations. Drill pilot holes and screw in the mounting clips using the provided screws.

2. Using the wiring diagram below, wire the light to the unit's power.

3. Snap light into mounting clips.
