**iVSEC IV2457X Camera Mounting Bracket**

Product Overview

The iVSEC IV2457X camera mounting bracket is a game-changer for security system installations. Its versatile design allows for easy installation of security cameras in a wide range of settings. Whether it's for indoor or outdoor use, on walls or ceilings, this bracket provides the flexibility needed to position cameras precisely where they are needed most. Crafted from high-quality materials, this mounting bracket is not only durable but also resistant to harsh environmental conditions. It ensures the longevity and reliability of your surveillance equipment, reducing maintenance costs and downtime.

Material Housing	ADC12
Material Screws	Stainless Steel 304
Colour	White
Load Bearing Capacity (kg)	1.5
Temperature Rating	-20°C to 60°C.
Humidity Rating	£ 95% Relative Humidity
IP Rating	IP66
In the Box	Bracket, Screws, Allan Key

Its 90° angle mount allows for easy positioning options enabling optimal camera placement, ensuring maximum coverage, and reducing blind spots. The iVSEC IV2457X simplifies the installation process, saving time and effort, while its durability and adaptability make it a cost-effective choice for long-term security solutions specifications.

<b>Product Dimensions (H x W x L) mm</b>	44 x 66 x 90
<b>Packaging Dimensions (H x W x L) mm</b>	90 x 140 x 170
<b>Weight (kg)</b>	0.66
<b>Warranty</b>	3 Years
<b>Compatibility List</b>	NC000XA, NC110X*, NC119XA, NC319XA, NC340XA

## IV2457X Wireframe

## Frequently Asked Questions (FAQ)

### **Q: What is the maximum load-bearing capacity of the mounting bracket?**

A: The mounting bracket can support up to 1.5 kg of weight.

### **Q: Is the mounting bracket suitable for outdoor use?**

A: Yes, the mounting bracket is designed for both indoor and outdoor use and is resistant to harsh environmental conditions with an IP66 rating.

### **Q: How do I adjust the position of the camera once mounted on the bracket?**

A: You can adjust the angle and position of the camera by loosening the screws on the bracket, repositioning the camera, and then tightening the screws securely.
