- The 4 USB-C® 3.2 ports support 10Gbps transfer rate, backwards compatible with USB™ 2.0 / USB™ 1.0 specifications (JCH345EW/ER/EC)
- Compatible with various laptops and desktops
- Eco-Friendly, made with UL certified recycled material
- No drivers required

System Requirements

- Available USB-C® port

Notes

This bus-powered USB™ hub only draw power from the computer's USB™ port. If you are connecting high-powered devices like solid state hard drives (SSD), please limit the number of USB™ devices connected to where the power draw total power draw of all connected devices is less than 3A. Most SSDs power consumption is around 1~1.2A, so we recommend connecting no more than 2 or 3 SSDs at time depending on the power usage of the SSD.

STOP!

If you have any problems with this product please contact our technical support team for assistance.
