Jabra How Do I Manually Change Headset Settings Using the Voice Guided Settings Menu?
User Manual

How do I manually change headset settings using the voice guided settings menu?

You can manually change headset and call settings using the voice guided settings menu. Alternatively, you can change all settings using Jabra Direct. The following table describes how to use the headset controls to access the voice guided settings menu.

Note

The overview is in English only. For versions in other languages, refer to the translated user manual in the Product documents section on the product support page.

Menu Navigation		
	Access the voice guided settings menu	Press and hold both the Volume up and the Volume down buttons simultaneously for 2 seconds
	Cycle through setting options	Press the Volume up or the Volume down button
	Exit the voice guided settings menu	Press and hold both the Volume up and the Volume down buttons simultaneously for 2 seconds
	Accept setting option	Press the Call button to accept the announced setting option. You will cycle to the next setting

The following table describes the settings that you can change using the voice guided settings menu.

Settings	
Voice prompt language	Select the headset voice language from a list of 5 languages
Voice prompts	Enables voice prompts on the headset
Mute reminder tone	Enables a periodic audio reminder when the microphone is muted
Busylight	Enables the busylight function on the headset
Equalizer for calls	Select an equalizer setting for calls
Sidetone	Enables Sidetone for calls
Ringtone in headset	Enables a ringtone to be played in the headset
