- Charging case(two mic and one receiver)   1PCS
- MIcrophone transmitter   2PCS
- 3 in 1 Receiver   1PCS
- Audlo cable   1PS
- CHARGING CABLE   1PCS
- gcable   1PCS

- Earphone   1PCS
- Wind-proof User manual   2PCS

Specifications

Charging case

- input voltage: DC 4,8V-5,4V
- Charging time: 90 mins
- Battery capacity: 2000 mAh
- Recharge times: recharge 3 times for microphone and receiver
- Weight: about 128.2g
- Charging case size: 111 79″34.4mm

Microphone specification

- Frequency: 2,4GHz
- Battery: 230mAh
- Latency: 25 ms
- Working time: 12 hrs every spots range. 20-20KHZ
- Charging time: about 80 mins DC: 4.8-5.4V
- Weight: about 14g
- Sensitivity: -26 dBFS S/N
- Ratio: 64 dB
- Microphone size: 4/.1 15.04 15.61mm

Receiver Specification

- frequency: 2.4GHz
- Battery: 230mAh
- Latency: 25 ms
- Working time: 12 hrs
- Frequency response range: 20-20KHZ
- Charging time: about 80 mins
- DC: 4,8-54V
- Microphone size: 47.5″13.47″7.95mm
- Weight: about 18.7g

Functions

1. Charging case indicator light
2. Indicator light on the receiver
3. Type-C charging port
4. Lightning receiver
5. 3.5mm monitoring port
6. Power IMute key 2 43.5 mm adapter cable port
7. Indicator light on the microphone "2
8. 1ype-C receivers
9. Reset key on the transmitter 2
10. Power Reset button
11. TF memory card slot 2
12. Volumelnoise key

Microphone transmitter functions

No.	State	Operation	Light
1	Power on	1. Open the charging case and take out the microphone 2. Click the power button	Green light for one second
2	Power off	1. Put it in the charging case and close the cover 2. Press power button for 3 secs	/

Label Meanings

According to the test results obtained based on RL2004/108/EG (Electromagnetic Compatibility Directive) and RL2006/95/EG (Low Voltage Directive), this product complies with the limits specified in the European Community EMC (Electromagnetic Compatibility) Directive, integration of relevant laws from its member states. FC Changes or modifications not expressly approved by the complying party may cause the user to lose permission to operate the device. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference. (2) This device must accept any interference received, including interference that may cause undesired operation. This symbol indicates that,according to the WEEE (Waste of Electrical and Electronic Equipment)Directive(2012/19/EUP) and national laws, this type of waste should not be discarded along with your household waste,as it contains potentially hazardous substances that may pose a negative impact on the environment and human health. It should be handed over to an authorized WEEE collection facility for recovery and recycle. Herewith you will be helping effective utilization of natural resources. For more information on the disposal of WEEE products, please contact your local municipality, waste management bureau or household waste disposal service.

Safety Instructions

To avoid electric shock, overheat, fire, radiation, explosion, mechanical risk and injury or property loss due to improper use, please read and observe the following items before use:

1. Please check if the power of the connected equipment matches with that of this product before operation.Adjust the volume to proper level during operation.Do not operate at over-power or high-volume level for extended time to avoid product malfunction or hearing impairment.
2. If there is any abnormality during use (e.g., smoke,strange odor).please kill the power switch and unplug trom power source, then send the product to the local dealer tor repair.
3. Keep this product and its accessories in a dry and ventilated area.Do not store in a humid or dusty area for extended time. Keep away from fire, rain, liquid intrusion, bumping, throwing.vibrating.or from blocking any ventilation openings, to prevent malfunction.
4. Please abide by safety rules during operation.Do not use the product in places prohibited by laws or regulations to avoid an accident

Do not disassemble or repair the product by yourself to avoid injury. If you have any questions or require any services, please contact our local dealer. About This Manual This manual contains up-to-date technical specifications as of printing. However specifications contained herein may not conform to your particular product since Takstar is constantly improving its products. For the latest version/more information please vist our website: **https://www.takstar.com**/. Specifications, devices or accessories available may vary from region to region.it you have any questions,please contact our local dealer.

FCC Requirement

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
