Replacing Paper Filters

1. Unscrew the filter cover from the desoldering module.
2. Remove the old paper filters.
3. Replace the worn filters with two new ones.
4. Put the new filters in place and securely screw the filter cover back on.

Components

- Desoldering Module
- Paper Filters
- Filter Cover
- O-Ring Seal

Frequently Asked Questions

Q: How often should I replace the paper filters?

A: It is recommended to replace the paper filters whenever they appear worn or clogged to maintain optimal performance.

Q: Can the paper filters be cleaned and reused?

A: No, the paper filters are designed for single-use only.
Replace them with new filters as needed.
