CHARGING

WATERPROOF DUSTPROOF IP67

WARNING: To protect battery lifespan, fully charge at least once every 3 months. Battery life will vary due to usage patterns and environmental conditions. Do not expose the JBL Go 3 to liquids without removing the cable connection. Do not expose JBL Go 3 to water while charging. It may result in permanent damage to the speaker or power source. After a liquid spill, do not charge your speaker until it's completely dry and clean. Charging when wet might damage your speaker. When using an external adapter, the output voltage/ current of the external adapter should not exceed 5V/3A.
