JENSEN 190812 Add On Table Lamp

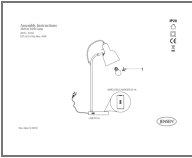

Assembly Instructions

- 230V~ 50Hz E27 (LED Only)
- Max. 40W

Documents / Resources

 A technical line drawing of a table lamp. It features a tall, slender, curved neck that supports a lamp head with a glass shade. The base is a simple, rounded rectangular form. The drawing is oriented vertically, with the neck and head at the top. There are some small, illegible text labels and a small circular logo near the base.
