JIECANG JCHR35W3C1 Hand-Held LCD Remote Controller

Product Information

The JCHR35W3C1/C2 Hand-held LCD Remote Controller is a remote control device used to operate motorized shades. It is available in two models: JCH35W3C1 16-channel LCD remote controller and JCH35W3C2 16-channel dual control LCD remote controller.

- **Parameters**

For more information about the product parameters, please refer to the nameplate.

- **Buttons**

The JCHR35W3C1/C2 Hand-held LCD Remote Controller has various buttons for different operations. Please refer to the user manual for more information.

- **Caution!**

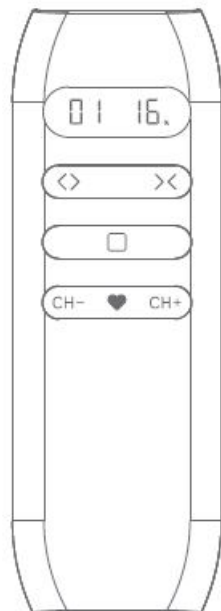

If the voltage is too low, the LCD screen digital display will be weak, prompting you to replace the battery.

Instructions

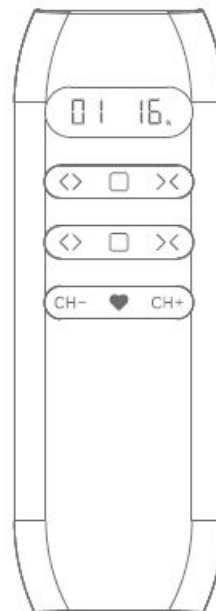

1. **Channels & Groups Toggling:** Channel 0 is the group control for all the channels.
2. **Number of Channels Setting:** Please refer to the user manual for more information.
3. **Number of Groups Setting:** Please refer to the user manual for more information.
4. **Channel in Group Setting:** Short press, if you want the Channel in the group, the Channel number will be steady-lit. Short press again, if you want the Channel not in the group, the Channel number will be flashing.
5. **Check the Channels in Groups:** Please refer to the user manual for more information.
6. **Prohibit Dual-key Operation:** Please refer to the user manual for more information.
7. **Position Percent Setting:** Stop on the desired percentage down and wait for 3s. The shades will move to the chosen percentage down position.
8. **Other Operations:** Please refer to the motor operation instruction.

It is important to follow the instructions carefully to ensure proper usage of the JCHR35W3C1/C2 Hand-held LCD Remote Controller.
