3 Quick Steps

1. DOWNLOAD THE APP

Jiobit for Families is available on iOS and Android.

2. CREATE JIOBIT ACCOUNT

Follow the steps in the Jiobit App to create your account.

3. ATTACH JIOBIT & START USING

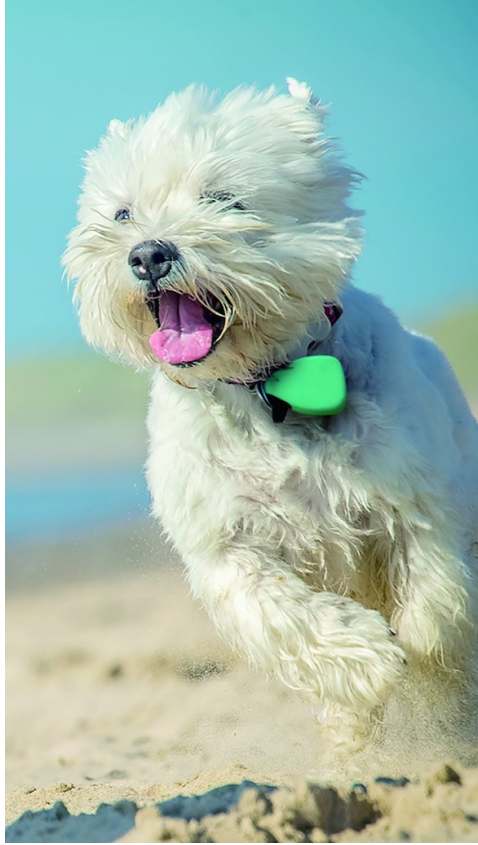

See “How To Attach Your Jiobit” for ways to attach.

If you did not SELECT YOUR PLAN during the purchase process you will need to do that before use.

To add a Jiobit to an existing account, open the app and select Menu > Account > Setup a Jiobit

HOW TO ATTACH YOUR JIOBIT

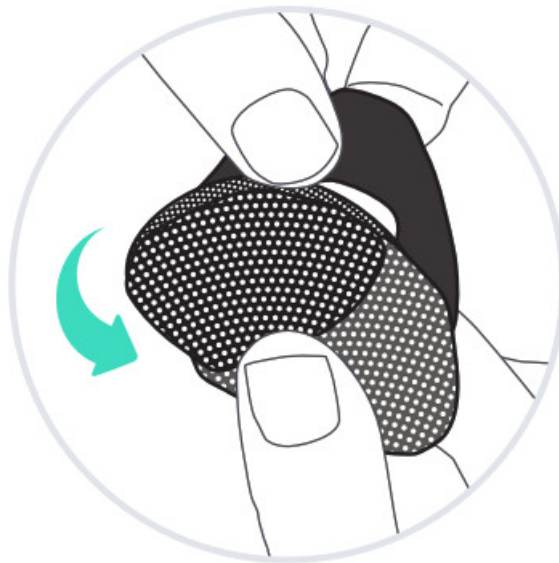

Fabric Pouch

Insert JioBit into pouch with gray side facing the back.

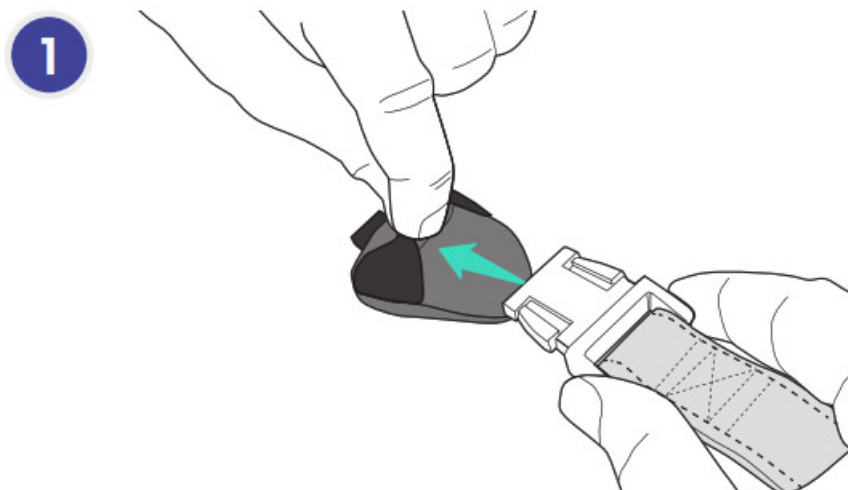

Pull the fabric cover over the Jiobit.

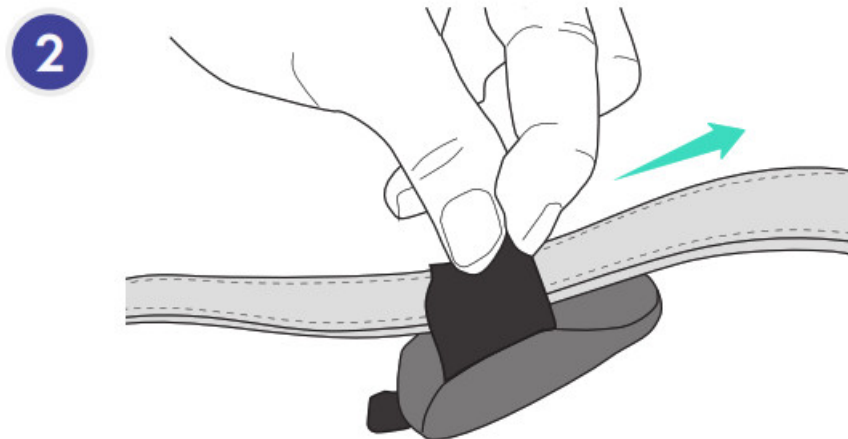

Pull the elastic strap over.

Remember: For best performance, the gray side of the Jiobit should face away from the body.

Attach to Collar

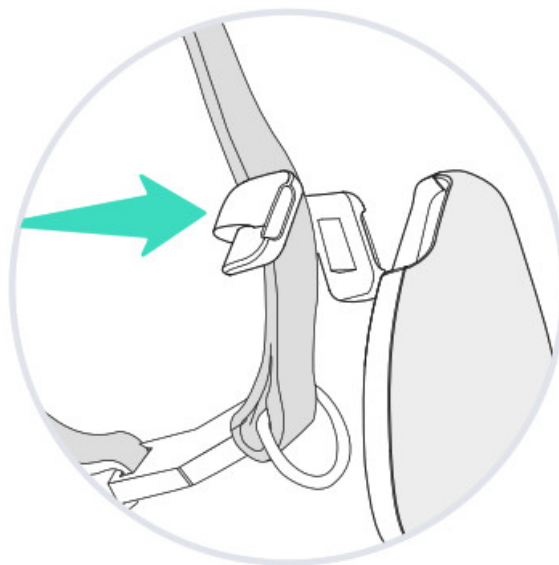

Once Jiobit is inside the pouch, feed your pet's collar under the black elastic strap.

Slide the pouch around your pet's collar and place the collar on your pet.

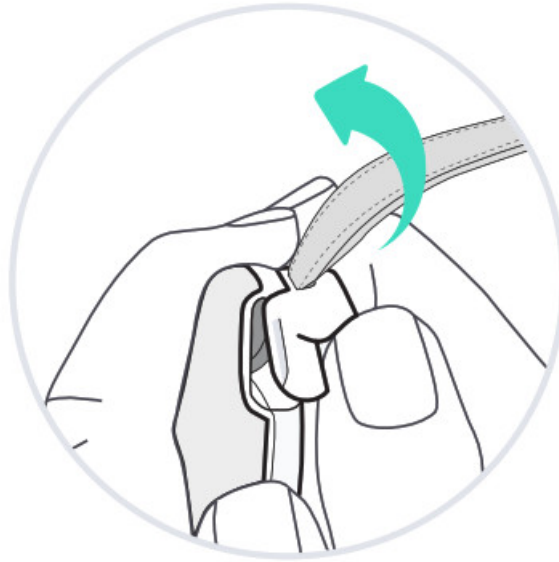

Secure Loop

The secure loop will fit on small collars up to 11mm wide.

HOW TO ATTACH

Place the collar between the Jiobit and the loop. Line up the loop prongs with Jiobit's loopholes. Snap-in.

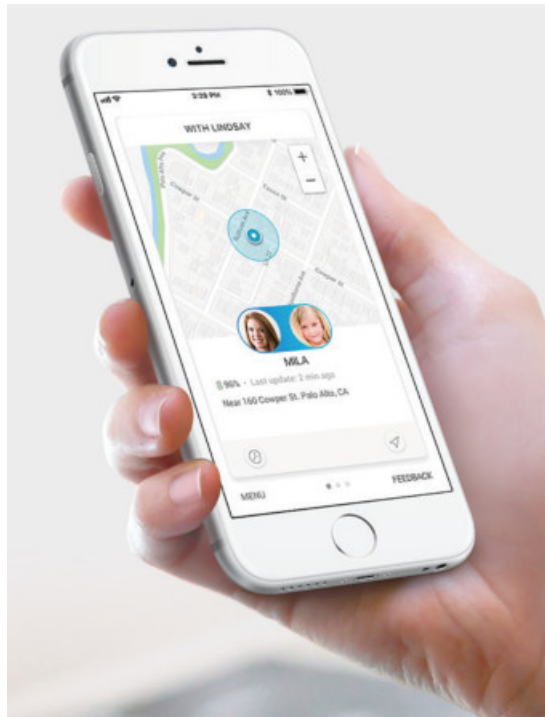

HOW TO REMOVE

Hold Jiobit in one hand. With the other hand, twist and pull up on the clip at the same time.

Wearing Tips:

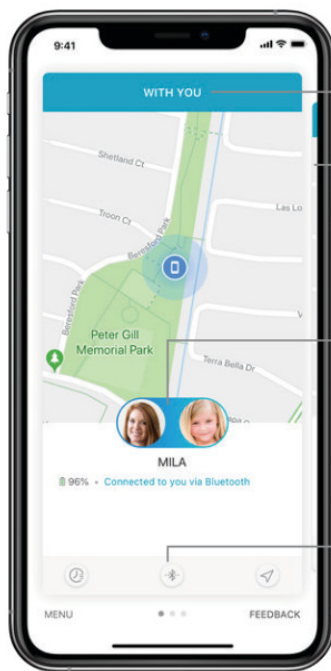

- Ensure that your pet cannot reach or bite at the Jiobit.
- If you attach to the D-ring, do not attach a leash at the same time.

HOW TO USE YOUR APP

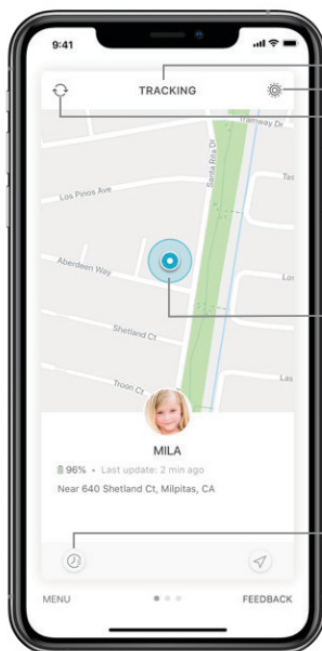

Dashboard View —When your child is with you

The dashboard is your summary view of everything going on with Jiobit. This view will look different whether your child is with you or away from you.

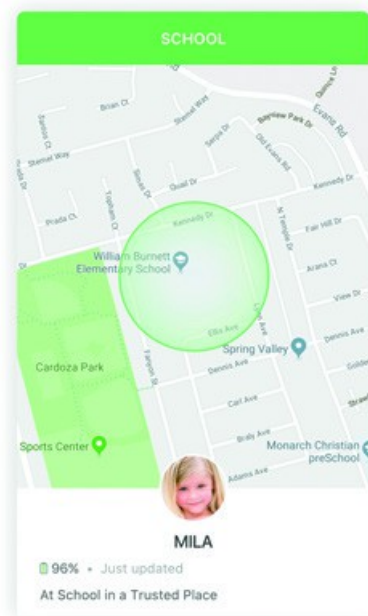

- **WITH YOU**
Jiobit is connected to your phone and using your phone's location.
- **CARD**
Each Jiobit is represented as a card in the dashboard. Swipe right or left to see other Jiobits you track.
- **PROXIMITY BAR**
This shows who is near Jiobit. The bar is dynamic and when the two pictures move closer, it means Jiobit moves closer to you.
- **BLUETOOTH ALERT**
Set alerts when you are tethered to the phone via Bluetooth.

Dashboard View —When your child is away from you

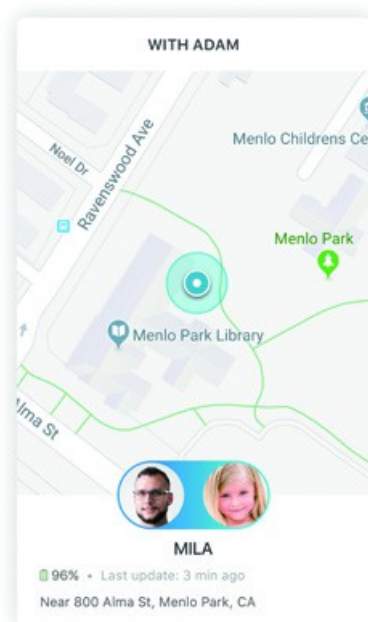

- **TRACKING**
GPS, Wi-Fi, and/or cellular networks are used for location updates when outside of a Trusted Place and away from you or the Care Team.
- **REFRESH**
When Jiobit is in "Tracking" mode, you can request a location update. However, after each request there is a 90 second timeout.
- **LIVE MODE**
Click the icon or pull down the card to switch to Live Mode for real-time tracking.
- **LOCATION ACCURACY CIRCLE**
Jiobit's location will be within this circle.
- **TIMELINE**
Click the clock icon for a view of your child's location history over the last 48 hours.

Additional Modes

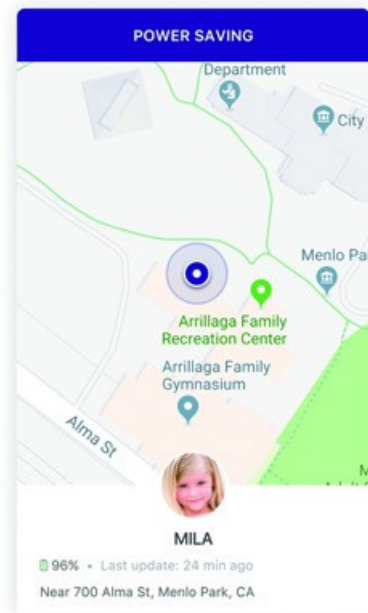

TRUSTED PLACES

When you setup a Trusted Place, you will be notified when Jiobit has arrived at or left that location.

CARE TEAM

When you add trusted family and friends to your Care-Team, the app will tell you when your child is with that person.

POWER SAVING

When Jiobit is stationary for 15 minutes, it will enter Power Saving mode. When it detects meaningful movement, like walking, it will exit Power Saving Mode and update its location.

REGULATORY & SAFETY NOTICES

Model Name & Number: Jiobit 4188N8762W

USA: FEDERAL COMMUNICATIONS COMMISSION (FCC) STATEMENT

This device complies with FCC part 15 FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation
FCC warning. Changes or modifications not approved by JIO, Inc. could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
- IC Notice to Users in accordance with RSS GEN Issue 3: 21. This device complies with Industry Canada license exempt RSS standard(s).

Operation is subject to the following two conditions:

1. This device may not cause interference, and 2. this device must accept any interference, including interference

that may cause undesired operation of the device IC ID: 8542A-FB404

This device meets the FCC requirements for RF exposure in public or uncontrolled environments. In accordance with FCC guidelines, Jiobit's antenna must remain 5mm away from the skin. As such, Jiobit should be worn with the logo facing away from the body.
FCC ID: 2AKLI-080715
