3.8 MAINTENANCE/WASHING INSTRUCTIONS Clean the fabric with lukewarm water and soap. Rinse with fresh water and leave to dry. Never use bleach or other chemical detergents. Periodically (approximately once a month) treat the wheels and metal parts with Teflon or silicon spray to ensure the buggy continues to run smoothly. The aluminium parts of your Aer+ buggy are coated to protect it from external influences such as corrosion. Coated aluminium parts are vulnerable to acidic cleaners or grease, which can cause stains and discoloration of the aluminium parts. We therefore advise you to clean the aluminum parts of your buggy with warm water and a soft cloth.

Warranty

10-Year Transferable Warranty

Want to contribute to a better world for your child? With our 10-Year Transferable Warranty, other families can enjoy your stroller after you've grown out of it. All they need to do is register the warranty within 6 months of acquiring it. It's a great solution for people and the planet.

One stroller, One tree

Every Joolz on the street is a tree in one of our Birth Forests in Asia, Africa, Europe or South America. When you buy a stroller or buggy your tree joins hundreds of thousands of others in helping to make the world just a little bit greener.

Reusable Packaging

Reuse, recycle, and have fun with your Joolz cardboard box. Cut out the cute design printed on the box, and decorate your little one's room.
