**Gamepad Update Tutorial for Compatibility
with PS Remote Play**

Contents
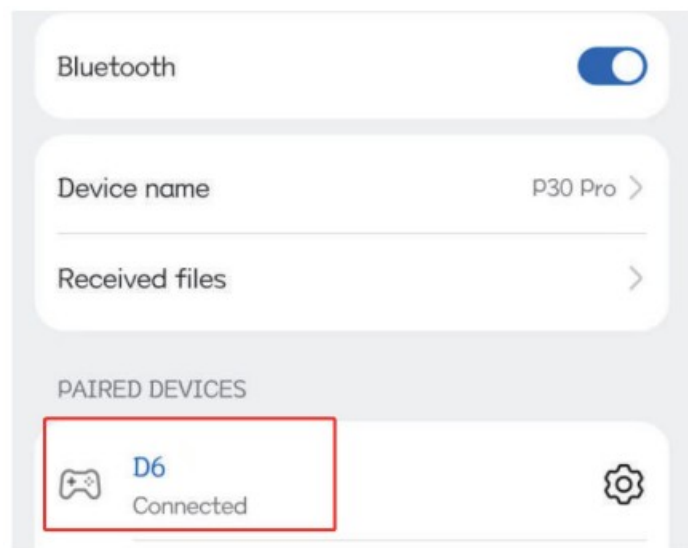

T-3 Mobile Gaming Controller

Step 1: Please scan the QR code with your Android phone for downloading 'ShootingPlus V3' App. (Only Android phone compatibility with this App.)

|	
ShootingPlus V3	**Scan for downloading API** **https://qixiongfiles.cn/app/downl**

Step 2: In the controller off state, press 'V3' key to boot the controller, and the Blue indicator light will flashes.

Step 3: Tum on Bluetooth function on your Android phone, search and select 'D6', once the connection has done, the Blue indicator light will keep on.

Step 4: Open 'ShootingPlus V3' App, the controller will automatically connect to the D6 controller, make sure 'D6 Connected', tap '▤' to 'Setting', then tap 'Upgrade Beta' into 'Firmware upgrade', tap 'Firmware upgrade' on the bottom, enter password '123' then tap 'OK' to enter the upgrade process, the indicator on the controller is 'cyan' and keeps on. After the upgrade is completed, the indicator goes off.

How to Connect to PS Remote Play after Upgrade

PS Streaming Connection – PS Remote Play

① PS remote play APP only compatible with PS4/PS5 console.
② Make sure your Sony login account on the PS remote play APP is the same as on your PS4/PS5 console.
③ Make sure controller is off, hold down 'L3' key, then press 'Bluetooth' key for 5 sec to boot controller until the 'purple' indicator light flashes quickly.
④ On iPhone: Search and select Bluetooth 'DUALSHOCK 4 Wireless Controller', once the connection has done, the indicator light will keep on.
On Android: Search and select Bluetooth 'Wireless Controller', once the connection has done, the indicator light will keep on.
⑤ Let's go to PS4/PS5 console setting.

FOR PS4
Step 1: On PS4 go to 'Settings – Account Management – Activate as Your Primary PS4'.
Step 2: On PS4 go to 'Settings – Remote Play Connection Settings – Turn on: Enable Remote Play'.
Step 3: On PS4 go to 'Settings – Power Save Settings – Set Features Available in Rest Mode – Turn on Stay Connected to the Internet – Turn on: Enable Turning On PS4 from Network'.
Step 4: Open the PS remote play APP on your mobile or tablet.

1. Click 'Start'.

2. Sign in a Sony login account that is the same as your PS4/5 console.

3. Option 1:Choose 'PS4'.

    Option 2: Choose 'Other Connections' – Click 'Link Manually'. Then on your PS console, select 'Settings – Remote Play Connection Settings – Register Device' and then enter the number in the following field.

4. Waiting for the connection done. Once connected, you can use our controller to control your PS4 console.

PS Streaming Connection 2 – PS Remote Play
