USB CABLES

USB Type-C to Type-C – Recommended for use as a primary charging cable. Use when the device is powered ON and charging at the same time. USB 3.0 A to Type-C – Legacy Cable; for charging when the receiver is powered OFF.

HARDWARE RESET

- This device has a hardware reset function. To operate, press and hold the power button:
- Soft Reset – Press and hold 5 seconds; release when the green LED flashes slowly. This will reset all messages to the default state and clear the almanac.
- Factory Reset – Press and hold 15 seconds; release when the green LED flashes fast. This will reset all messages to the default state, clear the almanac, ephemeris, and real-time clock.

- **CHARGE BATTERY**
Four to six hours before first use
