Juniper TH-3 Standing Height Collaboration Table

Product Specifications

- Product Name: TH-3 Standing-Height Collaboration Table
- Includes Add-Ons: A1 General Installation Guide

Product Usage Instructions

Collaboration Table Assembly

1. **Add Hardware into Side Panels:** Requires 4 wooden dowels, 2 cam locks, and 3 cam pins. Repeat for both panels.
2. **Add Hardware to Modesty Panel:** Requires 6 cam locks.
3. **Add Hardware to Top Panel:** Requires 10 cam pins.
4. **Connect Side Panels to Modesty Panel:** Align cam pins on side panels with open cam locks on modesty panel. Turn cam locks with a screwdriver to lock cam pins in place.
5. **Connect Top Panel:** Lower top panel onto the rest of the assembly. Align cam pins on the top panel with open cam locks on the modesty panel and side panels. Turn cam locks with a screwdriver to lock cam pins in place. Place cam lock covers over cam locks for a polished look.
6. **Insert Grommet:** Insert the grommet.

Optional Power Module Installation

1. **Attach Metal Clips and Insert into Surface:** Attach 2 metal clips to the back of the module base, then insert into pre-cut holes in the surface.

2. **Secure Module into Place:** Insert plastic clamps into holes on the bottom of the module. Rotate and then push against the surface to clamp the module into place.
3. **Power Management J-Clips:** Remove adhesive tape and stick J-clip to a clean, dry surface. Insert 1 wood screw through J-clip and into the laminate panel for additional security.

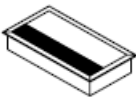

Frequently Asked Questions

1. **Q: What additional parts are needed for multiple collaboration tables?**
A: Additional parts will be needed for each additional collaboration table, as listed in the Parts List section of the manual.
2. **Q: Can the power module be installed on any surface?**
A: The power module should be inserted into pre-cut holes in the surface for proper installation.
