Jura X10c CLARIS Pro Smart Plus Filter Cartridge

1. Locate the filter cartridge (CLARIS Pro Smart+ or CLARIS Pro Smart maxi) based on your model's requirement.
2. Ensure the coffee machine is turned off and unplugged before proceeding.
3. Remove the old filter cartridge by following the specific instructions in the user manual.

4. Insert the new filter cartridge into the designated slot, ensuring it is securely in place.
5. Follow any additional instructions provided in the user manual for priming or activating the new filter.
6. Once installed, run a cleaning cycle or flush water through the system as recommended to ensure proper functioning.

These short instructions do not replace the Instructions for Use. Make sure you read and observe the safety information and warnings first in order to avoid changing the filter hazards.

Frequently Asked Questions (FAQ)

- **Q: Can I reuse the filter cartridge?**
 - **A:** No, it is recommended to replace the filter cartridge with a new one to maintain optimal performance and quality of your coffee.
- **Q: How often should I change the filter?**
 - **A:** The frequency of filter changes may vary based on usage and water quality. It is generally recommended to replace the filter every 2-3 months for best results.
