Specifications

- **Model:** RM-C1244
- **Color:** Black
- **Compatibility:** JVC DVD and Blu-Ray players
- **Power Source:** 2 AAA batteries (not included)
- **Dimensions:** 7.5 x 2.0 x 0.8 inches
- **Weight:** 3.5 ounces

Product Usage Instructions:

- **Power:**

To turn on the device, press the **Power** button located at the top left corner of the remote control.

- **Mute:**

To mute or unmute the audio, press the **Mute** button located next to the Power button.

- **Eject:**

To eject a disc from the DVD or Blu-Ray player, press the **Eject** button. In the original remote, this button is colored red, while in the replacement remote, it is colored green.

- **Title / DVD:**

In the original remote, the **Title** button is colored yellow and the **DVD** button is colored yellow with a superimposed “p” and “DVD” respectively. These buttons are used for specific functions depending on the DVD or Blu-Ray player.

- **Options / Smart:**

The **Options** button in the replacement is remote is colored blue, while the **Smart** button is represented by a “>” symbol followed by “|>|”. These buttons provide access to various settings and features of the DVD or Blu-Ray player.

- **Play / Pause / Stop:**

The **Play**, **Pause**, and **Stop** buttons are used to control the playback of the disc. Press the **Play** button to start playing, the **Pause** button to temporarily pause the playback, and the **Stop** button to stop the playback completely.

- **Angle / Return**

The **Angle** button allows you to change the viewing angle of certain scenes in a DVD or Blu-Ray disc, if supported. The **Return** button is used to go back to the previous menu or screen.

- **Text / Subtitle Display:**

In the original remote, the **Text** button is used to access teletext or other text-related features. The **Subtitle Display** button is used to turn on or off subtitles during playback. In the replacement remote, these buttons are represented by “+ Shift” followed by “Back” and “+ Shift” followed by “Info” respectively.

- **Menu / Info:**

The **Menu** button is used to access the main menu of the DVD or Blu-Ray player. The **Info** button provides information about the current disc or playback status. In the original remote, there are two sets of buttons labeled “Menu / Info”, while in the replacement remote, there is only one set.

Navigation

The navigation buttons on the remote control allow you to navigate through menus and options:

- **Menu Up:** Move the selection up in the menu.
- **Source:** Change the source input of the DVD or Blu-Ray player.
- **OK:** Confirm or select an option.
- **Right:** Move the selection to the right in the menu.
- **EPG:** Access the Electronic Program Guide (EPG) if available.
- **Down:** Move the selection down in the menu.
- **Exit:** Exit the current menu or screen.
- **Vol+:** Increase the volume.
- **FAV:** Access favorite channels or settings.
- **CH+:** Change to the next channel.

Volume and Channel Control

The remote control allows you to control the volume and change channels:

- **Vol+/Vol-:** Increase or decrease the volume respectively. In the original remote, these buttons are labeled “VolREP” and “CH-” respectively.
- **Pre Ch/Ch+:** Change to the previous channel or change to the next channel respectively. In the original remote, these buttons are labeled “1 2 3 4 5 6 7 8 9” and “Audio 0 Recall/Goto” respectively. In the replacement remote, they are labeled “Dual” and “Back” respectively.
