K-ARRAY

K-array K-JOINT3 Column Speakers

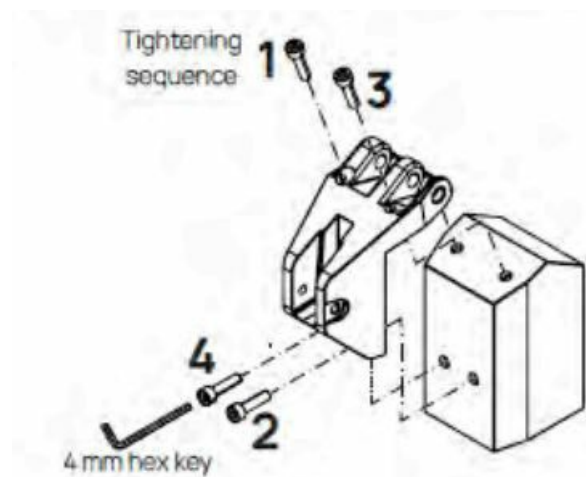

Unpacking

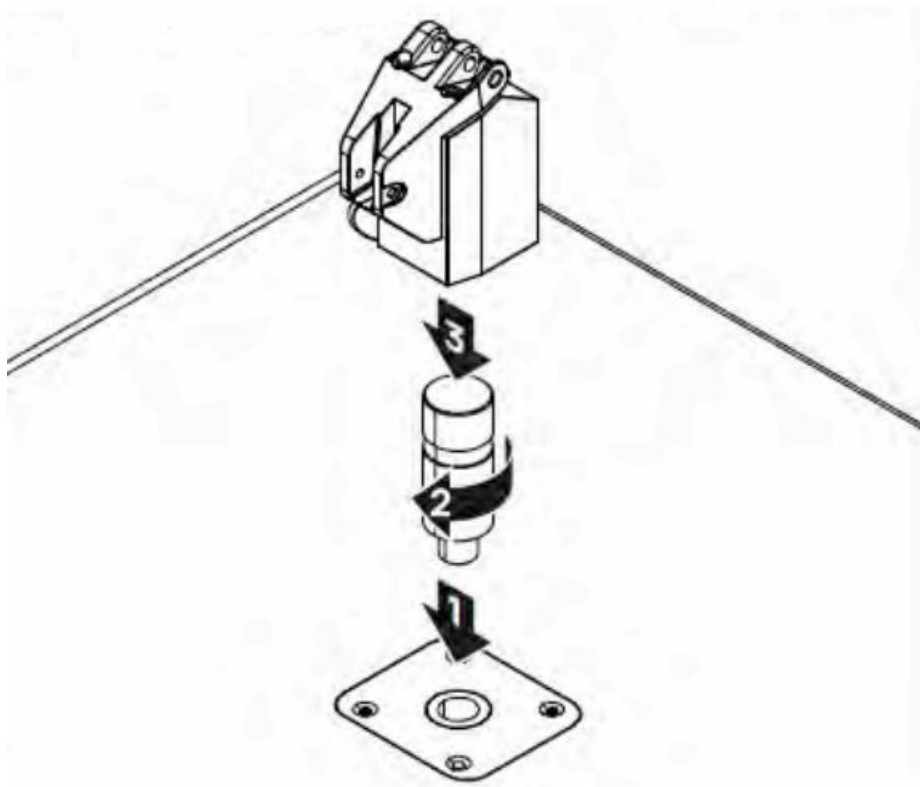

Each K-array product is built to the highest standard and thoroughly inspected before leaving the factory. Upon arrival, carefully inspect the shipping carton, then examine and test your new device. If you find any damage, immediately notify the shipping company.

K-FOOT3 Assembling

- Assemble the hinge on top of the K-FOOT3,

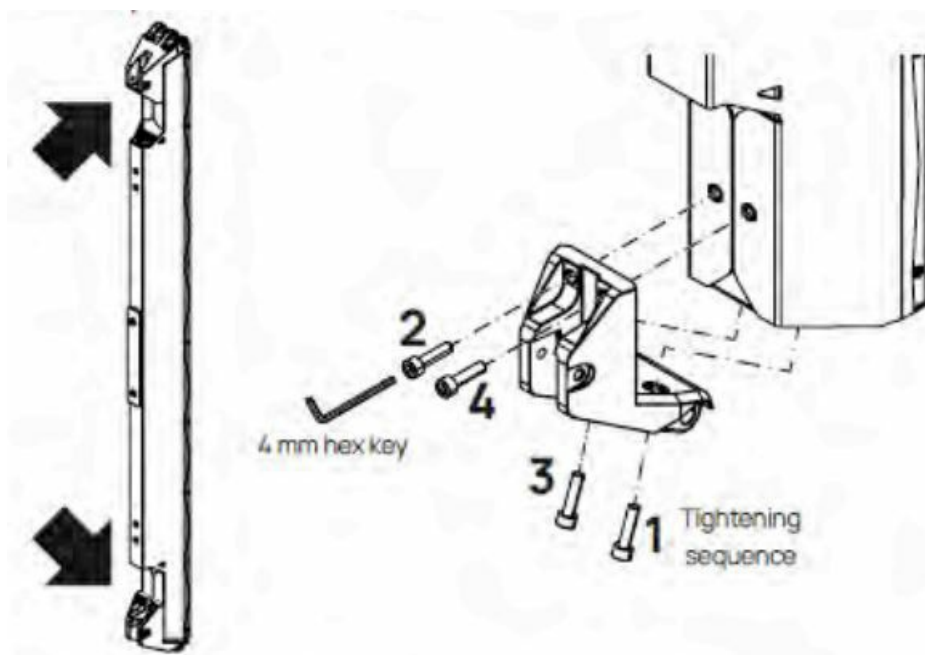

- Tightly screw the steel pivot to the M20 hole and then install the K-FOOT3.

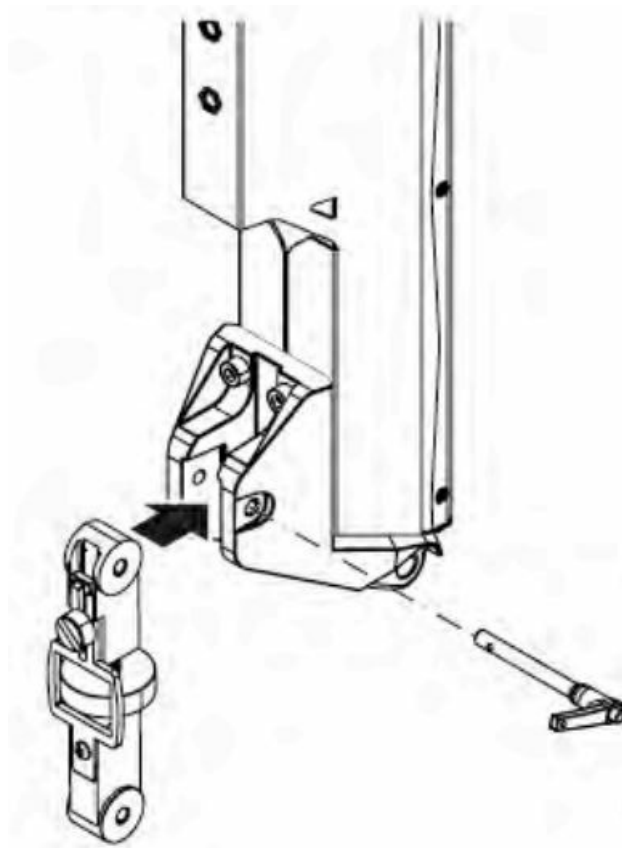

K-JOINT3 Assembling

1. Assemble the hinges to both ends of the column speaker.

2. Connect the titting ruler to the hinge at the bottom of the column speaker.
