### K-Tech Mini Portable Speaker

## Specifications

- **COLOR:** Black

- **S/N:** >80dB
- **NET WEIGHT:** 44g
- **OUTPUT POWER:** 3W
- **MATERIAL:** Plastic/Silicone
- **FREQUENCY:** 50Hz-1800Hz
- **PRODUCT SIZE:** 47 \* 47 \* 34mm

## Introduction

The device is 1.8\*1.8\*1.3 inches in size, so you may listen to music loudly wherever you go. Extremely transportable and practical Wonderful present for children, friends, and relatives. Ideal as a new year's or birthday present for a loved one! Good for the elderly and hard of hearing as well. Customers who use the line-in speaker can use it immediately after plugging in their phone without having to wait for any apps to download. The volume of this mobile phone speaker, which has a 3w speaker in a 4ohm impedance and an SNR>80db to maintain outstanding sound quality with distinct bass, may be increased by up to 4 times.

Once depleted, a micro USB port charge took only 45 minutes to complete. Simply switch on the power and plug it directly into a 3.5mm jack-equipped media device, such as a mobile phone, tablet, MP3, CD player, or laptop, to start playing music or video audio.

## What's in the Package
